O1. What is the Hullabaloo about UFO's? (Part one)

Dear ones, we begin our postings with this article for the understanding of your minds as you have been fed so much irresponsible information upon this subject.

Part one of this first article speaks of the correct concept of looking at extraterrestrial craft as you call it, whilst part two speaks of the first landing upon this earth by our ancestors and what exactly did happen at that time under the subtitle of "Earth, the Way-station of the Galaxy!" - Uthrania Seila Sentana-Ries

July 18, 2012

UFO's, starplanes, or starships, whatever you like to call them, are flying vehicles. They take the pilot and crew, and sometimes citizens of other worlds to wherever they are destined to travel.

Just as you have aeroplanes which take you to different continents, so do the starships take their pilot, crew, and sometimes citizens, to other worlds or planets.

Remember what it must have been like for certain tribal regions to see their first aeroplane? They must have believed before they laid eyes on the white man that they were gods in strange flying machines. But for those who flew the machines, this was an everyday experience for them.

Are then many of the inhabitants of this particular earthen planet not acting in the same way as some of those old tribal regions?

It is sad to know that many people of this particular world are not even familiar with their own galactic history, and therefore run from their very relatives who have come to see and teach them what they need to know, even before catastrophe hits concerning rescue on the way - a promise which was given the generations not long after this world was inhabited.

You see, you are all extraterrestrials. You come from a mixture of planets and intergalactic races. Each of you come from a highly evolved culture whether to the positive or the negative, because not only did the good people come **but so did the bad people who wanted nothing more than to control the people of this earth with their money trick, putting the good people under bondage and taking the land they were sharing one with the other, and making them work for them until they were too weak to fight back.**

- Uthrania Seila Sentana-Ries

02. What is the Hullabaloo About UFO's (Part two)

Earth, the Waystation of the Galaxy!

July 18, 2012

This particular earth was so beautiful it was chosen as a way-station for the intergalactic people from other worlds. **A way-station is simply a station away from home, or away from other planetary worlds.**

Those from other worlds were to come to this earth, some for refueling, for not all were at the technical level of space travel without fuel, but that was not all. The people from different worlds were to set up an experiment. The experiment was that each pure race of people choose a portion of land. There were many people of different races and the earth was large, so the people were to learn to live peacefully together on the same planet, and to begin with, they were to share with one another, their culture, their technology, their arts, their wisdom, to educate one another in all aspects of the others' planetary

homeland afar, and at this time not to mix races in marriage, **for until they learned to live, one with another upon the same planet, intermarriage, which they called unions, could raise problems.**

Upon higher-evolved worlds, the races keep separate for the most part, but continually visit one another to learn and appreciate that which the other has. It all works very well.

The very first landing was in what we call today as Iraq. From there the star people migrated to what is now Egypt, Syria, Iran and Saudi Arabia - all of whom claim they had paradise first. And they are all right, except that Iraq was the first place in the land of Ur, meaning Urban, or to make Urban, where the starships landed. In South America other people of other races landed in what is called Aztec and built pyramids there, as well as in Egypt. This happened the world over.

The pyramids in Egypt were built as control towers to contact the starships, much as your men and women in airport control towers speak to the pilots in your aeroplanes. Data of impending dangers or other information was passed onto the starship captains and commanders.

The starship commanders and their crews built the great pyramids using laser technology. That is why not a hairwidth remained between the carefully incised blocks.

Later, so as not to alarm the people who had by that time forgotten the story of their relatives who brought their ancestors to this earth, the Pharaohs and one particular Queen of Egypt wore special headdresses which resembled the cobra snake. **These headdresses contained a special insert or antenna by which the Queen or Pharaohs could successfully speak to the starships without detection.** But they were not the only ones. The "gods" and "goddesses" had passed on their instruments in their headwear to the Pharaohs and particular Queen of Egypt for direct contact with the starships. Many knowledgeable bad ones wanted the pyramids destroyed and eventually the cap was taken off. We will pick up on this later.

O3. What is the Hullabaloo About UFO's (Part three)

Those Behind the Government Hide the Truth!

What are Your Government's Keeping From You?

July 18, 2012

Dear people came to this earth in starships, left their offspring who have reincarnated over and over into the future generations, **and have been severely duped by the ones who brought the money trick.**

Our ancestors who left the citizens of other planets on this earth, departed before the bad people came and at that time our ancestors were not militarily strong so they promised they would come back one day and rescue their generations. **You see, there was not enough room to take all the prodigy back with them. And to this day, the bad ones are trying to stop the "UFO's" from keeping their promise to their prodigy.**

The controllers who lurk behind most of this world's government forbid your scientists to tell you the truth behind the continual appearance of your ancestors. They lock up in mental institutions all those scientists and astronauts who "talk." The rest they kill along with their families. So, it is not safe for the scientists nor astronauts to talk about what they know.

The inhabitants of UFOs, meaning, as we know, "unidentified flying objects" have always identified themselves to both your governments as well as to you, the citizens of this planet earth, through their words in telepathic scribbling, visitations of certain people and showing themselves as "signs in the skies" to all. **"Look up! for your redemption (or rescue) is near" has always been a well-known phrase spoken up throughout the generations, and one we are all most familiar with.**

All throughout texts up through the ages, starships were depicted until someone thought to take the word "ship" away from the word "star." But that is not all they did. They made it heresy for those who telepathically speak to those who are also telepathic upon starships, and persecuted them, and we are no

exception. The ones who occupy this planet are the ones which are kept away from this earth's moon. Let us continue.

So, to keep their own planets safe, the exterior rim of each planet is guarded by Federation Star Ships, who, likened to the starships who make up the big and little dipper, whose lights dim from time to time as they change ships for sabbatical, sit in one place and are armed to the teeth. But no ship carrying pilot or crew from those worlds such as this particular one, whom have the urge to invade and occupy planets in "outer space" are allowed 150 of our miles near any world including your earth's moon.

Yes, those are lights you do see on the perimeters of the moon and buildings too, though the side you do not see, is inhabited and lush greenery is prevalent in all places. We will go into that a little later.

04. You Are Living Your Next Life

What happens to the soul of those whose physical bodies have perished? In this article are the details of that next experience. - Uthrania Seila Sentana-Ries

These are the Events Which Happen to the Soul After "Death"

July 13, 2012

What happens to you "after" you die? It is important to understand that there is no death. At the time of ascension the soul leaves the body as naturally as it entered it. You stand up and walk out. There is nothing mystical about it. Life is as natural as breathing and it is the same with the soul

entering the body and then leaving the body. It is all a part and portion of life itself. Breathe in, breathe out.

Just as a leaf in spring time will unfurl, so will the soul enter the body and be born. Then as the leaf in the fall departs from the tree, so will the soul again depart from that body which he or she inhabits.

The soul will then depart for the deva chan, or place of the waiting. And where is this? Upon another planet set aside for the souls. There may be forests with houses, or grasslands.....in fact, anywhere habitable which you would find on earth, you will find "in heaven."

The soul, once it leaves the denser body, will continue in his or her appearance and will be solid, molecules vibrating at a higher rate.

A guide will lead the soul to the place of waiting. The guide may be unknown, or the guide may be a relative or someone you know, who has not yet moved on.

There the soul is given a place to stay, usually a house, not fancy, but still a protective cover where the soul will be given basic foods, clothing, and may stay with others gone before (if they are still waiting to see the Akashic council) or reside alone. Walks may be taken and comradeship developed.

You must understand that the soul is just as solid as the physical body. I will explain.

As the soul enters into a body, that body is made of a molecular structure in which the molecules are close together giving the body a density which differs from that of the soul light body, or soul body which is lighter or less dense. When the soul leaves the denser body it returns to a place or planet where the magnetism of the planet allows the soul body, movement, such as walking, running, swimming, and so on.

When the time of the waiting is over, a guide will take the soul to the Akashic Council. The Akashic Council is made up of highly evolved men and women whose duty it is to guide the soul over major aspects of their formal life, whether to the positive or negative aspects, and suggest to the soul his or her next action. For a soul who has come from a traumatic exit of the denser body, a time may be set aside for their emotional recovery.

When one states that they are not responsible for this or that event in the world's history, due to the fact they had not been born at that time, they are most likely not being accurate. For we are the reincarnation of a past life. This is how the "sins" of the father may be visited upon the son, for one example. We must come back in order to "fix" that which "we broke."

There is much to be said on this topic, but for now, to those who read, this is a beginning.

- Uthrания Seila Sentana-Ries

05. Why One Does Not Remember Past Lives

Dear ones, we would like to expound upon the "veil of forgetfulness" which occurs for most people at the time of their rebirth back into this world.

There is no religion which can explain why all people are not being reborn equal. For example: one may be blind, another with great musical talent, and so on. - Uthrания Seila Santana-Ries

Is the Veil of Forgetfulness Necessary?

July 16, 2012

Before the time of the Equinox, and when the same generations are reincarnated back on this plane for lessons to be learned, or for great talents to be developed, or for the positive or negative karma (**what you sow you reap**) to represent itself toward the individual, group or nation - the veil of forgetfulness in most instances is placed each time over the conscious memory of each person. This is done in order to safeguard the individual from having to deal emotionally with previous experiences from past lifestreams. But you will have a soul recognition and intuition without the experience remembered.

Remembering and emotionally experiencing past lifestreams consciously would be too much to handle for the individual otherwise, and in many instances would interfere with the present lifestream in which that individual finds itself incarnated in.

It is DNA - or soul remembrance - which the individual must now deal with subconsciously, and that simply entails "that" particular growth which has been severely encoded within the system of the individual, must now participate in the testing of its own solidness within the individual's holy universal structure.

In other words: It is your soul remembrance in the subconscious part of the brain due to your DNA continually receiving instructions throughout your accumulated lifestreams, which is put to the test when you arrive back on an earthen world with the same lessons to complete.

-Uthrания Seila Santana-Ries

06. How Is it We Do Not Live Only One Life?

July 17, 2012

Now let us move on to the misconception of believing one "lives only once" and yet "everyone is created equal."

To begin with, nothing pertaining to the reality of the universe is ever religious, which is why no stumbling block is ever placed in the way of knowledge and understanding.

If all who are born upon this planet are created equal then why are some born brilliant whilst others are born not so brilliant? Why are some born blind whilst others see? Why are some born deformed whilst others are beauteous of body? We could go on and on, the list is almost endless, but we will stop here and answer this first question.

No matter how you look at it, it is not equality when all are not born equal. We are all equal pertaining to our rights. But we are not equal in our abilities, for abilities and talents are worked at and earned over countless lifestreams.

Each of us are reborn into a new lifestream as the sum total of that which we are, which we have earned, learned and applied, either to the positive or to the negative. All is for a process of learning in order to bring us closer to where we wish and need to be.

The Akashic Council and the School of Life

The soul may have asked the Akashic Council to allow it to be tested in certain schools. The soul may have also karmic backlash in how he or she in a prior incarnation treated another. There are diverse scenarios. To experience we learn to become better souls who will one day achieve a higher standard of life in a higher evolved world. If not, the soul will be continuing on the same wheel of life upon one lower evolved planet or another, over and over again, never achieving full happiness.

We, as sentient Beings, are in a school. We are born into the school of life. We start at the beginning and after many many lifestreams, and hopefully we progress positively, we begin to gain wisdom with the accumulation of our knowledge.

For example, in your schools, some dear ones pass the first grade with languages and social studies as their top grade, whilst they need to accumulate more experience with the sciences or art and gymnastics. So they may be held over in those subjects and come back again to learn better those particular lessons. And you progress all the way through school, university and many experiences rung by rung.

It is the same with lifestreams. The joy of learning is the ultimate goal of every human being.

When you learn, you progress, and when you progress, you finally hit the first rung of one of the many worlds or planets who have achieved Paradisaical living. In this Paradise, you then continue on in that first grade upward, not needing to come back to a world which is lowly evolved, unless you wish to assist others on their upward journey, here in the physical.

You work your way to your own salvation, so to speak, and no matter what you believe no one can do it for you. You have to earn your own experiences so they are truly your own.

During your own experiences, you build character, achieve knowledge and wisdom and no one can do that for you, as you can see.

There is much to be said on this topic as well, but perhaps a little at a time is all we need to begin our journey of understanding of the universes and their wisdom.

If diversity of religion bring about wars then neither side have understood one thing your Prophets and Master Teachers including Buddha and Vishnu have ever spoken to you in the past, present, nor in this future.

O7. Talents Gifts DNA Heaven Earth Explanation

In this article, we come to the understanding whether the child receives "gifts" from the parents or from "God" as the religionists like to quip. Where does the child receive his or her talents? This truth was cauterized out of the pages of the Bible itself and as more new additions are printed more valid texts have disappeared. - Uthrania Seila Sentana-Ries

The Akashic Board

July 15, 2012

When the child is born or rather BEFORE the child is born to a parent it is heavily discussed among the heavenly council, **the Akashic Board**, exactly whom that child shall be born to, **in particular, in the case of child genius.**

This goes for every culture. The child comes with its own DNA manifestation and talents which he or she has acquired through difficult and steady work, lifestream after lifestream.

In the case of a musician for instance, that child may be born to a set of parents who are both not gifted, but rather, talented, having earned the right to their acclamation before the world scene.

In other words they both, the man and the woman, come back to this particular earthen planet we call Angoriaus for the sole purpose of ENJOYING or REAPING what they have sown in other lifestreams.

Different Families?

When that man and the woman have a child, that child will most likely, unless there is a reason otherwise, be also reincarnated into the same family of a particular group which he or she once in the past, as you call it, **decided to work IN HARMONY TOGETHER with musical talents COMBINED.**

The **GIFT** which is then given is given at the time of conception wherein the father passes through his sperm his particular DNA which has coded within it his own musical talents which may be a little diverse from that of the child which he passes it on to. **This is where the term "gift from God" or "gift from my father in heaven" first originated from.** For we have all at some time emigrated from another planet to this One.

The woman likewise may pass along her talents which she has so aptly worked hard at acquiring through the rotation of child and egg. In other words, when the child is the egg the mother at that time is INFUSED with the child through and through and this is where the heavy, at most times, bonding of the child to the mother occurs at childbirth and beyond. Then the sperm is delivered to format the child into the likeness of both parents with the eldest usually resembling first the father if the child be female and the mother if the child be a son.

This is the story of the gift of the talents from heaven. It is unfortunate, however, that the mother is usually if not always, left out in linguistical diagram.

- Uthrania Seila Sentana-Ries

08. Paradise Is For Now!

Dear readers, in this article I wish to remind you of the fact that the law of sowing and reaping applies with exactness with regard to how we conduct ourselves to those around us, and if we have decided to build a paradise for ourselves and others, then that is what we will inherit in our future lives. - Uthrania Seila Sentana-Ries

You Are Already Living Your Next Life in the Heavens!

July 15, 2012

We already live in the next "heaven." We reside in the heavens upon our own earthly planet. Many planets reside with us here in the "heavens" or the heaven, and these planets are definitely inhabited by other human Beings. Some are planets with evolved human Beings: evolved in social standards, economic standards and technical standards, while other planets are inhabited by Beings of less evolved stature or stature that equals that of this planet you like to call earth, though this planet is only one of many planets of earth, sky and sea.

Your governments, and those who control your governments upon this particular earth whom control your scientists and many other experts, do not wish for you to know these facts so-well-known among other races upon other planets simply due to the fact that they, your governments, and those who control your governments, wish to control your lives in every way using you, the peoples, for their slaves. So, sharing anything with you, the people, is not something they want to do. Making your lives easier and more joyous, and not

forcing you in working to make themselves rich and powerful is a big NO NO with them. So we are telling you.

You are your own creator now. What you create in this life will be your heaven in the next life.

When you begin to create or build for instance, a house for your own occupation, you will live in that same house tomorrow in this incarnation. It is the same with lifestreams. What you build or create in this present lifestream will be what you will receive as having already been created by you, in the next.

Remember also, that living is a state of Being. **At no time are you innate nor dead**, so while you are in your present life it is important to create your own happiness in the here and now in order that in your next life you will reap that which you have sown. A great part of happiness is creating happiness for others. It is always better to share happiness with others for a happier next incarnation. Some call it karma. People in your next life, should you be incarnated together during the same time period, will seek you out through soul recognition either to the positive or to the negative. The positive is by far better.

Not even in physical death of the incarnational body is the soul dead or innate, otherwise the soul could not experience, learn lessons, and grow. Those who do not wish to change from wickedness will survive in future lives upon planets whose inhabitants are just like themselves especially at the time of the Great Equinox which occurs every so many millennium. Not a pretty picture is it?

If you fail to become involved in the change of your planet and continue in letting affairs run amuck then you will have created no change for the good for yourself and others in not following the position of other higher evolved intergalactic worlds, and therefore will receive only the same misery all over again in the next life and will continue on the incarnational wheel.

You, yourselves, are wholly responsible for your plights and noone else. You make the mess of your own lives, then you clean it up. It would be completely selfish to expect anyone else to do it for you. Do not think that you may use another for a scapegoat, for the universes just do work that way, no matter how you may try.

If you are perhaps a very wealthy person who loves power over their brothers and sisters and serves them injustice, remember this in the field of karma, or reaping what you sow:

INJUSTICE BREEDS EVEN MORE INJUSTICE!

Those who create injustice toward others will definitely find themselves on the other end of their own policy one day. Injustice breeds back injustice.

Remember, it is not wise to rush others to greater heights in their lifestream. Everyone needs time to grow at their own rate. But you can change yourselves, the way you think, the way you honestly conduct yourself toward others, and see yourselves into moving forward as

you learn the ever-present truth of the universes and what that truth means which your brothers and sisters of other worlds wish to teach each and every one of you.

For example: the words, "we reap that which we sow" is a truth, but now you may fully understand just what that truth means to your incarnational experience.

- Uthrania Seila Sentana-Ries

09. Man-Woman Unions In The Higher Evolved Worlds

Do the ones already situated upon paradisaical structured worlds ever "divorce"? This writing explains in detail just how their relationships work, and you, our readers, may just get one big surprise. - Uthrania Seila Sentana-Ries

The Relationship Beyond This Earth!

When a relationship has gone as far as it is able to go for the man or woman, and they have completed the experience of learning and living and entwining with that particular "essence" one to the other, they may then continue to cohabit as friends until the time comes whereby each is to be given by the other, unto their future destiny.

It is best that there be a period of soul purification for both the man as well as the woman between sacred relationships. Soul purification states that the relationship has been completed therein there is no physical interaction at all, and none wanted.

Growth can also occur in a lifestream where there will be no moving into another relationship for those who do not need the next step or next experience in their lives at that time. For these precious ones, they will finish out their lifestream as one within a unit or body who chooses to remain for the benefit of completing that experience. **Each relationship or experience must be completed to its entirety.**

But for those who do wish to move on, those ones must ensure that the other will be fully satisfied and happy in their own destiny as well. To do less would be to hurt one's own self, for when one is not happy, then in true friendship the other cannot be happy either. This works on the same and exact principle of: If one member of the body hurts then it affects another member or members (family members and children) of the body.

Friendship and trust is a major portion of a perfect relationship, even after what we call "the releasing." A solid friendship encompasses all the traits of loyalty, protection and trust, "excluding" that of the sacred physical joining. When a relationship is first begun, building a strong and solid friendship is absolutely necessary before such a relationship is able to blossom. Therefore, when it is time to move on, the friendship, the solid foot of the relationship, will always be a lasting reminder that the growth and experience for each one was a successful one.

The dear ones, the cohabitating man and woman, when entering into an agreement to move onward to their soul-mate, or next twin flame, otherwise called "destiny," need do nothing more than implement the Universal Law of repeating one to the other, three times, "I release thee in love." This matter need not go before a court of secular, religious, nor tribal law, simply because the two adults will be highly enough evolved to handle that matter themselves. In the higher evolved realms there are no courts nor is there a need for lawyers.

Therefore, any releasing of two people from a union does not diminish that relationship in its importance but rather "changes the relationship" leaving friendship intact, and does in no wise ensure costs to either party.

Under the great wisdom of our forefathers and foremothers, the way forward was long ago provided under the Law of Releasing.

In the world today there are many scars left from divorce between man and woman. The higher universal scope or practice is that when a man or woman is highly enough evolved, "the releasing," will be made in friendship, where, when the woman or man moves to the next union, there is no friction or otherwise, occurring, and therefore any children involved are loved by all sides.

It means not a broken, separated or fragmented family but rather an "extension" to the One (whole). There will be no fragmentation. Therefore, there need be no jealousy, animosity, nor heartbreak.

Releasing one another, in this way, is an experience for growth in order we do not stagnate one another on our upward journey when the relationship has gone as far in its growth as it can for the two beloved ones.

The union is "sanctified." But "sanctification" as understood between one man and one woman for experience and growth at that time is to be kept sacred. There is an intertwining of "essence" at the higher levels or realms which occurs. This is why it is spoken that: *what god, or goddess, the spirit or essence of, joins by his/her spirit together, not be torn asunder by any man, woman nor child, for the moving onto the next must be in the same spirit of compassion, love and understanding for the other as it was at the beginning.*

This is the higher principle.

At no time need there be a witness to a joining who has the authority to speak up against another's union. Those words were added by the lower human element.

Beloveds, this is where the "law of man" is out of sync with the true universal understanding, practice, and spiritual soul growth concerning relationships.

Do understand, beloveds, there is much more to be said or taught on this issue, for there are many more situations within the entire makeup of a universal union. But this segment we will leave for later. It does take "highly evolved" individuals to understand there are many roads to "satisfaction" of relationship **as held and practiced in the higher realms.**

Relationships and their workings are a serious matter and not a matter for the careless at heart and instinct to focus upon.

For those of you so held in worldly ways and misinterpretation of that which is love and fineness of spirit of union, it is best to leave all alone for another time until your growth one with another has elevated your understanding to the point whereby you are indeed truly ready to embark upon the next rung of the ladder homeward, and here again, we speak of the realms on high, or worlds, of highly evolved humans.

10. Beware Of Ignorance Being Your Bliss

Captain James Galiac cites his frustration with those who claim to be his followers without understanding nor taking notice of that which he has tried time after time to explain for their own "redemption." – Uthrania Seila Sentana-Ries

Captain James Galiac: Do You Even Understand What I Said?

Captain James Galiac Sananda:

November 1, 2012 3:00 pm

(Quote)

"Well loves, it is I, your most un-influential of all Commanders, by *my standard alone*, Captain James Galiac Sananda; and why is this I state of myself so? It is because no matter how long and hard I talk to my 'parishioners,' so to speak, for that is what many of you call yourselves, you are extremely hard of hearing.

"You take it upon yourselves to state what your 'Bible' states, when most of it has been altered and erased, otherwise you would catch on to all I am telling you. But that is not to be seen, and very clearly you are not going to be ready when my fleet come calling at your door through your very television set; over the airwaves, **telling the each one of you**, that we of the Command of the Federation of Free Planets are willing to rescue those of you who have prepared yourselves with our message of 'evacuation,' therein **be ready to go before the greatest calamities strike you dead, and here we are 'waiting.'**

"Now, what would you say if we were to grace your living room with tangible messages of "Christ's return?" Would you even understand that Christ simply means '**Christed ones?**' We of the more evolved humans are all 'Christed **ones**,' moral ones, ethical ones; that is what 'holy' means, dear ones, but you are so far a-field of what even 'holy' means, that we are wondering if you are even up to starship travel.

"Paradise is to be found in the here and now, both, upon your world, if we may help you build it, and found also upon other higher evolved engaging worlds whose right of access belong only to those who have left of their diapers at home and progressed of themselves throughout their lifestreams to the seventh level or degree of university.

"Where there is light, there is also found darkness, for without darkness the light would not even show. Is that not right, chelas?

"So, let us not reason together based on text of which has been cauterized out of existence; but come and let us reason together based on logic, faith that we will come, and a rapt understanding of what paradise - and how to build it - really exists in reality.

"So, maudlin to say, we have tried throughout the centuries time after time, and because of it we will soon be closing up our doors to the next level of habitation.

"Therefore, it will be up to the each of you to decide on that which you would have yourselves believe. To us, it is entirely your decision, for we are safe where we are, and we will once again depart for each of our own home planets - **with you or without you.**

"It is, after all, your decision. But never say you never were given a choice, dear ones. Itchy ears will not evacuate yourselves anywhere.

"Good Day. Captain James Galiac Sananda, formerly known as the 'Jesus, the Christ' though very little of my story is actually known.

"Good Day. Abbreviate the time sequence, Seila, and have a good day to you both. Sananda out. (3:17 pm) **(End quote)** (From our unpublished as yet, book **Prophecy Determined**)

II. Higher Structure Of Incarnation And The Economics

Dear ones, this article have I written as a foundation for that which is to come in the form of writs or scribing from the starship commanders. It is a brief look into economics and where you go upon your next incarnation, provided you have made it to the first level of a paradisaical world. – Uthrания Seila Sentana-Ries

What is the First Level of Paradise and What Evolution Do We Speak of?

First you must understand that through reincarnation, whatever you build in this life will be your token or contribution toward yourselves as well as others in the next. Hence, you are now living in the Time of the Great Equinox whereby you either make it to the first rung of living upon a Paradisaical world having made it over the Equinox, or having to repeat many lifestreams over again upon various planetary worlds.

Once you do make it over the final Equinox, you then will never need to work in the negative upon worlds such as this. Like a plant you grow and continue to flourish without snow and ice making you to repeat and rebuild consistently. It is an exciting time for you live upon worlds in which truth is the normal attribute of life no matter in which discipline you may study or major in.

Travel to other planets is as normal a feat as travel to other countries is upon this world.

The economic system is entirely different and this world has no known substitute for it and that is why this world is out of sinc with all universal principles of higher evolved practices.

Evolvement does in no wise mean that the Darwin theory has become the substitute of truth, but rather the evolvement we speak of has its principles in human birth, **HU standing for Holy Universal, which simply means that when the Creation of the Humanities first began, the human "evolved" in higher understanding and principle of truth, but the coordination of the body still remains as human.**

Once you make it over the Equinox, your humanity takes on a brand new type of evolution and that evolution has entirely to do with intellect and perfecting one's DNA. One has never begun as a tadpole for example, evolving into an ape, though we do agree that in the political realm that most do seem to act out their own beliefs in this arena.

Dear ones, we have worked long and hard over many lifestreams, and few come to a world such as this in order to teach of the errors of religion and economics - but this is the time of the Equinox.

Our teachings are a danger to the power structure of this day and the powers that be have tried to eliminate in one way or another, each one throughout the generations and those generations are ones which have come back to be taught of the true system in all of its principles and directives in DETAIL and that which we have given so far has resulted in ones trying to imposture us as well as to steal our words. That is a grave error and dangerous thing to do.

While this system of economics promises to steal the resources from the people, and to build them a hospital or two and a few complex of housing within, say a five or six year period, the Paradisaical economic society builds all at one time - no budget, but before we go into this, here is the example, just so you understand how it all works under the system of which you now reside. This is our great love to each of you, our children, because without knowledge, one is likely to repeat the same mistakes over and over again - **and this "is" the time of the Great Equinox.**

Excerpt From The Blueprint of Paradisaical Economics

July 16, 2012

Dear ones the blueprint for the Middle Eastern nations in particular is completed in its design with all its intricacies but will never be let out until the old system and those who control it - go.

Under the present day system, this present-day people suffering, people hating monetary system, a hospital, for example, would look like this and be paid for under currency, low wages, and reba (taxes) four times by the people.

Here is how it works:

The contractors borrow money from the banker or several bankers amalgamating their debt load into one massive tribulation.

Then the contractors hire people to build the hospital.

The hospital will be built solidly but yet in an inexpensive way as possible in order for the contracting company or companies to make as much off their profession as possible.

Next come the workers who are paid as low a salary as the contractor can possibly get away with.

That is the first installment.

The borrowing aspect from the continental banks.

Offshore Providential.

Then when the hospital, dully as it looks, is fully completed, the banker wants paid back.

This is the second installment.

So both the contractor and the workers have to take on another job just to pay back to the banker the first job.

When the first job of building the hospital is paid back in all expenses of the borrowing costs, then the city tells the people that they must now pay fees in order to use the communal building, in this case hospital fees or if it is a library, then library fees, or if it is a museum, then fees to go in and look at the museum.

This is but an example.

This is the third installment.

Then the people are told after they built the hospital, paid the banker back and paid the fees to attend the facility, that they must now pay land taxes, upkeep taxes of the building and while the people are paying all these extra usuries out of their meager wages, they are having to pay back the money to the banker for the first costs of yet another loan for yet another building.

This is the fourth installment.

In addition to this, of course, the people are told that it will be several years until just so many budgeted contracts are able to be manifested for the people to attend.

This is the fifth coming into play.

Borrowed monies for the hospital over a twenty-five year term, cost the taxpayer ten times its original value by the time it is paid for.

This is the present-day system you operate under fully today.

What we offer is not made in hell.

But in heaven or rather to be more precise, upon other worlds, other planets, who have learned that the money system corrupts the best of men and women at times and therein should never be used as a trading currency for with the currency comes the infraction of breaking all Universal Laws and then comes the usury.

It does not take three years to restore all power and electricity to Iraq. That is ridiculous! Only under the present-day hegemonic economic budgeted system would that be a priority to wait that long for full power nationwide.

- I am Uthrania Seila Santana-Ries and this is our portion of this day to the each of you.

12. You Cannot Fight A War Without Soldiers!

Without the shackles of monetary ware; without religious misdirection, war cannot exist. Without the power-hungry people at the top whose main goal is "MONEY" the blood of your sons and daughters would not be shed and those in other nations would be protected. - Uthrania Seila Santana-Ries

How Precious is the Blood of Your Sons and Daughters and Those of Other Nations?!

Dear ones, we are here; we have a job to do; and with your help, we together, working in the oneness, will get that job done. The "job" will be the rebuilding here on this earth - the societal structure enjoyed upon so many other worlds; a societal structure which, you, the people, call - **paradise**.

Now, here is a quote from one enlightened soldier who came to understand what would assist greatly in ending the wars on the ground, man pitted against man by the string-pullers.

"You cannot fight a war *without soldiers*."

We have soldiers having their strings pulled like marionettes to fight brutally against other peoples in other nations; veteran soldiers having their strings pulled by the guarantee of a paycheque at the end of the month and all they need do is join the police of their homeland and brutally batton down upon the people within the nation they are sworn to protect against outside foreign occupation as well as against inside foreign occupation. And why do they join the police forces? All the jobs are gone, so it is **join the police or starve and get thrown out of your home along with your family for non-payment of mort-gage, which is the bankers "death wish" upon the people with no exceptions for those who fight their wars.**

This is another guarantee of the money trick - the PAYCHEQUE.

But go a step further and see the men and women who make up the Airforce, the Navy, the Military, the Marines, the Green and Blue Berets, the Navy Seals, the SAS, and all other arms of injustice **pull ranks and step out of line and what you have is a nationwide, even worldwide boycott of WAR.**

In replacement for the paycheque, the people begin to work in the oneness to build a system which guarantees noone is left out, no one goes without food, shelter, clothing, gas, education, hospitalization, good and useful medicines, vehicles; and all of this can be set up beginning - **immediately.**

And this is only the beginning...

As you ones know, you are being severely spied upon and are been told at the same time that this spy paraphernalia is solely for your own protection. But you know it is not and that the ones in your government and those behind the scenes who try to control what your government does, do not in the least care about you nor your welfare, nor the welfare of your families, otherwise the string-pullers would not send in their police force nor military to batton down on you, the people. Is this not right?

Well, having said that let us therefore move onto another new topic, but one which is as old as the hills.

Do you remember this quote? "**Military men are just dumb, stupid animals to be used as pawns in foreign policy.**"

Guess just whose foreign policy?

This quote was taken from one who since WWII saw himself to be Washington's "Boss" and whose main mission is to further the agenda of the heavily guarded military base sitting over there in Palestine, secure behind the Great Wall of China, so to speak.

Now soldiers, you must know who is actually giving you your "marching orders." Is it any wonder that the United States Veterans are not cared about if they are fortunate enough to be sent home from the war?

Do you, the soldiers of the United States of America or do you, the soldiers of NATO whom receive your marching orders from the same source, if not directly from the heavily fortified military base sitting behind the Great Wall of China, so to speak, understand that it is not the borders of your own nations which you protect, but rather **an agenda of a foreign body** who thinks no more of you than cockroaches in the dirt?

You are waking up, that is clear, and we are all pleased that is so, but mull this over in your minds, dear ones, and remember what **they** call **you**, who are the pawns in their very lucid game of war where they sit back in their glass, steel and concrete buildings cheering you on to fight for them and their money power.

You are their assets until you are maimed, disfigured or of no more use to them, then you are disposed of in one way or another; and if you come back as a veteran, alive, **do not expect them to share their money with you** - black pawn.

13. Do Not Let The Money System Keep You Out Of Paradise, Beloveds!

We begin with a word of wisdom from the Mancharian people from the 16th level of a paradisaical world. Following that, we will look at India, Pakistan, Kashmire, England, Turkey, China, the Netherlands, and the system which is killing them all. - Uthrania Seila Sentana-Ries

The Mancharian Civilization From the 16th Level of Paradise Speak

Dear ones, if belief systems bring nations to the brink of war then it is time for the people of the nations to turn away from and band together against both religious persuasions as well as selfish political impositions working for the banking monopolies.

As we continue, let us take a word to the wise from the highly evolved Mancharians. It is always practical to read what others have said who in their own past have been where you, the readers, are at now in your journeyings on this earth. - Uthrania Seila Sentana-Ries

(Quote. We hope you will not find the language used too difficult)

THE NATIONAL DISPUTE OF MANKIND AGAINST HIMSELF AND ALL RECORDED CREATURES FROM ON HIGH

"This may seem to you to offer a more or less political front, but may we strongly assure you that it does not in any sense, whit, or form, surmise our equational values into a less impeding caricature. In essence then, this is the root of all of mankind's problems. This must be corrected in order that mankind, himself, strive on the forward leap into fourth dimensional attributions. You understand us here?

"You see, since the beginning, when mankind fared well within his limitless space upon this plane, he goaded with others to behave in such unbecoming mannerisms as to bring about the complete rejection in any such behaviour patterns, as indoctrination into a higher and more redeeming lifestyle of complimentary attributes toward himself. In accordance with losing this preliminary diploma of truce within his ordinance, he had to bring about a continuous readjustment of his higher esteem for others 'out' of his league.

"And who do we speak of here? Exactly that of his higher essence! He began at this time to credit his 'superiors' with a dogma of untoutable re-acquisitions. In other, more accurate to your ears, phrases, man, within himself or his superior consciousness, which stands on line as his 'higher self' as well as the instruction of other far 'superior' entities of the essence (but only in the sense of their projection into the higher existences), have for eons barricaded within themselves that substandard attribution of hindsight, barred within a veil of pure unholy forgetfulness of his higher esteemed 'self' of great worthiness.

"This is the grateful essence of injunction between mankind and the hostilities of which he has so graciously brought down upon himself. This is the sole purpose of why 'man' has not been able to liberate himself from the gloom and doom of his third dimensional existence. It is not, in hindsight, that he has so shielded his mind, but rather because of non-retrieval of ethical documentaries which have been rather eloquently encoded within his very DNA existence.

"Not the platitudes of another nation reveling after a greater joy of distinguishing the past from the present in world affairs of your planet - for none wish to take it over save yourselves - but instead a new likeness to which man must perform. A complete maximum make-over will entail him back to the bargaining table from whence he once arrived. (End quote). From our book Beyond the Firmament

14. The Nations and the System Which is Killing Them All

Surely the intents of the government of India must be the same as the government of neighbouring Pakistan, intent upon fleecing the nation of Kashmir and pressing their religious dominance. But if both governments would value the people of their own nations and the people of Kashmir, they would gain incredible advantage over the banking system.

If both sides, both parents, are so concerned about the child Kashmir, then of course they must understand that the truth of the universal acumen is One in its overall application of the sensibility that the Master Teachers of both "religions" as they call them, never disagreed at all. Only the ones who tampered with the scribings have brought upon themselves the makings of mankind's religions, implementing lower-mankind's corrupted version of the universal reality and its economic system.

This of course, results in chaos, war and ridiculousness, through which your governments have also waylaid you, the people into, simply because they refuse to adhere to the universal principle of the economic system under the Federation of Unified Nations.

Without the present monetary system, there would be no possible reason for the population of any nation to halt the building of whatever they as a nation of unity wish to build. Nothing then could stand in their way of progress.

Now take China, the Netherlands, Turkey as well as other nations of the world who bring coal to the surface to be utilized as fuel. In all these places the coal mines are nothing more than a deadly trap, but the people who work in these horrible places are told they must do so if they wish to survive under the One World Order Monetary System:

"Do or die."

Another nation, Great Britain, has wonderfully modified its electricity generating system from coal to other forms of power generation, to less than fifty percent; yet the coal mining remains, and for this reason are the poor coal workers still working and physically dying in a living hell underground.

The Commonwealth is an arm of exploitation from the industrialized nations. Who, in their right mind, wants to take advice from a nation or group of nations which cannot even see themselves out of a debt which most nations do not even owe but are blackmailed into?

What chance do the poor people of England have? They cry for lower education costs, jobs, and better housing whilst their royal family spend 60 million on a royal wedding for a day. Then came the Great Jubilee. England boasts of Buckingham palace with its 775 rooms. Of the occupied and reserved rooms which of which total 429, 346 rooms are left unused. The Queen and her husband share only small apartments within the monstrosity whilst England's homeless live on the street.

There is something drastically wrong with this imbalance of riches over poverty.

It is not separatism for any nation to separate itself from a conglomerate such as the Commonwealth, for the Commonwealth is a working product for the enhancement of the western allied military base stationed so firmly in Palestine.

Beloveds, may the gods and goddesses, who reign so high up in your firmament, the same of whom are your relatives, give you all the good grace through their words to understand that it is the present money system which is killing you all.

In circumspect to the nickel and dime store, the so-called third world nations do not need to analyse their way out of so-called foreign ties of debt to the International banker through trade on the so-called international free market. The free trade market is a freedom for only those who hold the bank and industrial strings, and not for the people.

Rather, nations who come gallantly under the original economic system will enjoy the trade without money, without usury of any type, and this means people who work within the trade non-boundary section of the Federation of Planetary Worlds, will have absolutely no dependence upon the banking run nations of this particular world.

Your nations are a mess and this mess is toxic, however, this mess can be strategically ended.

May the universe with all its intelligence, give to the peoples of this world, Angorius, a presence of mind with the ability to think.

15. Let Us Not Chew On The Same Bone Again

Dear ones, we never wish to reincarnate back into situations where our liberty is compromised by a few, select, elected, and even appointed ones from the council of the damned. Good day. - Uthrania Seila Sentana-Ries

Get Off That Wheel!

August 11, 2012

There are times every now and then when you reincarnate, you find yourselves reading all about yourselves in history books and you may even recognize items which served you in one of your previous lifestreams. You may feel a certain affiliation to a nation or a peoples and not know why.

As you know you cannot take with you any of your acquired riches, beloved ones, into the next lifestream, nor can you always retain the same positions for those of you who hold power today. Maybe that lesson is not needed for your next set of lessons in the next life.

You will be then reborn again of "the blood and the water" speaking of childbirth, bringing along with you accumulated knowledge, much of which is carried in your subconscious. This is the intuition. Intuition is subconscious remembrance as encoded in the DNA. **This subconscious remembrance can also act out a negative remembrance of someone you did not like in another lifestream. It is because of such remembrances, subconsciously, that you either like or dislike someone whom you have just met. And you will know them by their soul essence.**

The more astute will even be quite adapt at reading the aura of others which is the electrical field around a person which shows also in colours. Brown, gray and black suggests illness, whereas the brighter colours are a study unto themselves.

Others yet, will read the electrical field in ways which are incomprehensible to most, in that the present life speaks its own story of the problems and successes of that certain person and those related to him or her.

Now, when higher evolved ones reincarnate, for instance, into lower class family situations, in order to assist others, and their brilliance begins to show at a young age in their lives, through talents or remembrance of certain lifestreams, these brilliant ones will find, that sooner or later, they are being ridiculed and demeaned by others, jealous of them.

Thus come the saying written of such individuals:

"What?! How can you be this or that?! After all look at your life fraught with the most serious difficulties and look how you live in poverty!"

Most wise and talented ones do live in poverty or near poverty while others of the enlightened people live in riches. They are, many of them, also placed in positions of power and wealth to assist the higher evolved people who work in the arts, scientific fields, **or even come with the blueprint once again speaking of the need to drop the monetary system right upon its knees.**

If, however, you have done little to nothing and have compromised your values away, then of course expect to reincarnate in your next multiple almost endless lifestreams in the opposite direction, which means after the fullness of the passing of the Great Equinox, you will be not reincarnating upon the planets whose inhabitants have brought about a real change in the lifestreams before, or who have suffered to bring about such change, or who have done all they could to try to bring about such change.

If such in leadership positions would have only realized long ago, that when you join the Federation of Free Planets, you are losing nothing. **You are building paradise for yourselves as well as others to reincarnate back into.**

To those who attain power and riches of the world and who do not serve their brothers and sisters, the next incarnation might not be what you expected. You can never be assured a place of power and riches the next time around so it is always a bad gamble to think this is the only life you will ever live.

Those, however, who fight the corruptness of the governmental systems of the money warmonger instead of holding hands with them or inviting them into your realms, **will see paradise this very day in the eyes and hearts, minds, and souls of all those who have gone before you.**

Many of those dear ones, are yourselves.

"Thus have we stated so long ago that those of this same generation will flock back to meet with us again and hopefully by that time all will have grown considerable in order that we may once again reclaim them for our own.' - Commander Higgins."

16. From The Chief Director Of The Genealogy Scientific Community

Dear readers, this scribing is not from the starship commanders but rather what I heard telepathically from a closed meeting of the scientific division out of Washington, D.C. describing horrendous attitude toward the peoples of these United States of America. - Uthrania Seila Sentana-Ries

What Went on Behind Those Very Closed Doors?

My job is quite an interesting one, and from time to time I pick up conversations from those on this earth quite some distance away from where I am at. In this case, I telepathically, as you call it, listened to this speech as I was sitting waiting for my husband, Reni, who was applying, at the time, for an engineering assignment in Edmonton, Alberta.

I went to the front desk to ask for a pen and paper and quickly began writing. It seems I missed the beginning of the talk. The title seems to have nothing whatsoever to do with the topic, however, I wrote down every single word and now I pass it onto you, the reader. - Uthrania Seila Sentana-Ries

17. Aliens, Who Really Are They?

Captain Gyeorgos Ceres Hatonn decided to clear up the confusion over what and who are the real aliens so many people are so worried about.

Dear ones, we come from many worlds and one day will return if we wish, to those same many worlds. We are the true extra-terrestrials. Terrestrial meaning "earth" and extra meaning in addition to. We are from planets in addition to this particular earth.

They who wish to hurt us are the true aliens and they first came to earth with the money trick. Here Commander Hatonn explains in simple terms what exactly is going on by true "Aliens." - Uthrania Seila Sentana-Ries

Captain Hatonn Explains Who The True Aliens Really Are

September 19, 1995, Tempe, Arizona, USA

Question offered up by Reni Sentana-Ries:

Is the American Government using UFO and other advanced technology in creating sundry disasters for the purpose of blaming and discrediting our extraterrestrial brothers in the eyes of the public?

(Quote)

Commander Hatonn:

"Not only is such being conducted, but well you should ask as to when it started. May 10th of 1995 our Government by intrigue and hindsight strived to elaborate upon the one god-given talent they seem to ride on, when and where should the place of their next contact be. As I have stated while writing '**Blinkensop - the National Crime**', I elaborated on the grave mistreatment of our brothers in general. Let me reiterate and even go a step further.

"In the fifties in general, platitudes were sent out over the airwaves and condolences sent out to redeem themselves with those of higher credential, namely the extraterrestrials. Deals were made

with one or two groups, who dearly were striving toward universal peace, and what they met with was not only the taking of their lives by those temporal crafty ones, but also a type of sabotage upon the crafts of their choosing.

"Governmental agencies were not aware that this was even going on, but instrumentation had declared all extraterrestrial craft in the vicinity of the Earth plane herself to be put under close surveillance until the time of recouping the wealth in the skies was able to get under way.

"So, included in the wrath of Khan, liberated machos of the third deliberation simply won over in friendship those of the greatest ratio and proceeded to take liberties with the public of their choice. You understand? What I am saying here is that your prime abductor, people, are crewmen from your own Government!

"Why is it that you remember nothing or your memory is so faded that seldom do you even believe yourself where you were? *Manifesto drugs were your guide*, and everything that happened to guard you out of your slumber would certainly be accounted for by those men in the aquasuits.

"Not to say here that all abductions are not alien, but what I'm saying is conceivable. **JUST AS THE ENTRAILS WERE NEVER TO BE FOUND FROM THE CATTLE WHO DIED, SO WILL YOUR MEMORY NEVER BE TRIGGERED JUST AS TO THE HORROR OF YOUR EXPERIENCE OF EXACTLY WHO OR WHAT ABDUCTED YOU ONTO THEIR SHIP OF DISGUISE!**

"Understand that the fruitfulness of the situation was merely conducted not so much to hurt any of you serious complainants, **but rather to merit a worth of undying fearstruck sensation upon the populace.**"

"That is enough for now. We thank you. Hatonn out." **(End quote)**

18. Gold Bullion Is Not The Answer, Beloveds

During these hard and difficult times, many people are rushing to buy themselves "gold bullion" - but is this really the way to financial security before the floor drops out from underneath you? - Uthrania Seila Sentana-Ries

Is Buying Gold Bullion The Way To Financial Security?

September 2, 2012

Beloveds, the ones who keep you checked concerning everything you do in life, are the same ones who say amongst one another: "***If they (the people) ever find out our secret - the oneness of our working together behind the scenes against all of them - then we are finished!***"

Dear ones, taxes likewise work against the people. Look at your bridges and highways, your bus and transit systems, your housing departments and quality of construction therein. What good have your taxes done you there?

All money could have been written into existence, and all those issues be dealt with in one swift effort without you now paying interest on the funds which the banker advanced by the "stroke of his pen," so to speak! Many even under the capitalist system could be with excellent paying jobs. But instead, you the people, pay taxes over and over again; your annual property taxes, export taxes, income taxes, and you get the picture.

You, the people, also give and give and give to organizations who try to help others - yet the banker gives nothing ever at any time. The banking system tricks the people by taking and taking and yet insisting the people help themselves through charity donations, until the dear and sweet people have nothing left in their pockets to "give" any more at all.

The produce which is sold in supermarkets, or the eggs which farmers across the border in Canada are unable to sell, the money conglomerates make them throw out instead of feeding the many made-homeless people due to the gluttony of the banks; ***or the many starving schoolchildren who are unable to learn for lack of proper diet!***

And, of course, many cures have been found for cancer, diabetes, and sundry other illnesses; the knowledge of such cures the money men keep away from auspices, which have been set up for the people to acquire medical help. People are expected to give of their donations to these societies, yet cures can never be found in the hands of the people to keep their donations from being a waste of money.

Under the system of paradisaical or stellar economics **usury is out-and-out against every principle of elevating man and womankind up the ladder of evolution** into creating a wonderful paradisaical world for themselves, their families, and their neighbours whether they know them at this time in their lives or not.

Just think what a wonderful tradition you would have and what an enamoured heritage to give to your children - **PARADISE! - in all of its glory!**

This is not just a catch-phrase in a church doctrine, nor does it belong in any other religion as being a state after physical death, for paradise is what you create for yourselves and others in the here and now.

Do not expect to return to a paradise which you have not even begun to create in this life after your physical body expires.

It is not as important that you do not succeed in building your better life whilst you are here on earth. What **IS IMPORTANT** is that you begin and work hard at it. Then, and only then, as you reincarnate into your next life, you will earn that which you have worked for in this life.

Let us speak of gold bullion, little ones. **Your people are claiming that gold is the way forward before your banking systems collapse.** We tell you that that is not evident nor has it been evident in any lifestream you have lived since gold was first taken out of circulation.

Do you really think that gold will be given back to you as it once was?

No, it will not.

When the money trick was put into existence all the people's gold was taken in exchange for a gold certificate.

Throughout the ages, these certificates replaced all of the people's gold.

Now, if you buy the gold on the stock markets for instance, you simply are given another type of note called a gold certificate saying you own a certain amount of gold.

But try to collect on that gold certificate and you will get a big surprise, for most of your gold is in the hands of the ones who own the money trick, and they have stored your gold away in places like the United States' Federal Reserve and the inner City of London, one of the largest banking conglomerates in the entire world. Even the Federal Reserve, dear ones, belongs to the inner City of London which is likened unto a state of its own.

In other words, this gold certificate becomes worthless when the money system becomes abolished because holders of such certificates will never be able to collect on the actual gold.

Therefore, please do not be deceived, for your gold certificate is worth nothing, really, and therein have the money holders tricked you, the people, once again.

When the paradisaical system is put in place all gold held by the money lenders and enemies of the people in general, will be to them also useless.

Gold will still be used for electronics and jewelry, that is true, but compared to its use now-a-days in using gold as a tool to manipulate the price and value of the currency, gold will be useless when money is no longer in use.

Therein beloveds, remember this: anything which can be bought with a type of money currency is that which will not last and will always serve to hold, you, the people, in utter and complete - bondage.

And keep you and your families - out of PARADISE.

19. What Really Happened In Afghanistan?

Dear readers, the wickedness against Afghanistan and Iraq by the west and NATO is cataclysmic in its ongoing theft of the nations' resources and the destruction of the DNA of the people, themselves, through chemical warfare which even the soldiers of the west and NATO breathe in, themselves. - Uthrania Seila Sentana-Ries

What About Afghanistan and What is True?

If Afghanistan had no resources for the west to covet then, of course, the only underlying reason left is to provide a military base for future attacks on the Arab nations should they not tow the line in harmony with the wishes of the United States and its fortified allied base sitting in the middle, so to speak, of Palestine.

July 26, 2012

We know the west loves to invade and occupy other nations in order to force their democracy into the corridors of other nations' parliaments, and this not only for forcing "democracy" on them, but for the purpose of gaining control of and stealing their resources for their own profit. They feel military occupation is key to retaining that control over natural resources.

After destroying nations and overthrowing their rulers, the west places marionette rulers into governmental positions, and when elections are held, the west cheats the people out of an honest vote for their own representatives.

The true foes of the west are those rulers who wish to work on giving their people their rightful freedoms they deserve by way of free electricity and water, gas and oil at great discount, free health care and education, among other access rights.

Now, every four years the one sitting in office can be voted out or remain in. If he or she is trying to build paradise for the people, and by vote rigging he or she is turned out of office, then all falls asunder and the building of paradise is traded for a new man or woman selling out the nation's resources to the banks and to the west. A substantial amount gravitates into their own accounts by practicing corruption - and to hell with the people. This is why at the last moment in time African leaders turned on Colonel Qaddafi and showed where their allegiance really stood, and it was not on the side of the people.

Dear ones, when parliament is drawn up with people who know nothing about what it takes in minute detail to build a paradise for the people under their care, then fragmentation of minds take place. And when each parliamentarian cannot agree with the other, the evil sneaks in and creates even more dissension as bribes, threats, and blackmail are delivered to certain ones who then guarantee that the west acting under the direction of the heavily fortified military base situated inside Palestine, is given full consideration toward a foreign policy not of its own making, targeting even their own people.

"You see dear ones, paradise should not be a place with problems, but rather a place which has

eliminated all problems through the Oneness of the Universal Mind, which distinctly comprises of the higher evolved Beings, whether they be the enlightened starship commanders, or higher evolved Beings from other worlds within the Universes."

(Quote taken from my Blueprint for Iraq of which is held in all its minute detail by ourselves). A short speech:

Many western nations who uphold "democracy" which, in itself, is a fragmented type of government, continue fragmenting other nations through bombing and dropping chemical weapons, alongside with covert operations on the ground.

This is why the west loves "democracy." Democracy in all its fragmented state leaves plenty of room and opportunity for wicked people to cause dissension inside the nation, who then take the knife and cut that cake into many portions for each one in parliament to endow each other with grand offshore bank accounts.

Democracy in Libya, and Iraq, not to mention other nations, for instance, has taken away all the good their leaders had given their people, and left their nations in chaos.

We tried to help. In the case of Afghanistan, the Taliban, who were going along with the agricultural blueprint as given them over the internet to enable the people to cultivate a different type of income than income from poppy cultivation, outlawed all drug trade inside Afghanistan. It took headlines in Great Britain and the world was astounded at the Taliban and their people.

A British Anchorman of the BBC and some of its reporters quit their jobs, and others were fired for releasing the truth about the Taliban's success in stopping drug exportation. The state-run BBC, in their own eyes, was now back in order with the truth once again pushed well under the rug.

The Taliban had captured three missionary ladies. Finally they released them. These ladies spoke over the news broadcasts. They were asked how they had been treated. The two ladies from Great Britain said that the Taliban had given them quarters nicer than even their own. Beautiful Afghan rugs decorated the floor. The three ladies were allowed to room together in order that they would not be lonely and all three ladies, which included the American, said they would at a drop of a hat go back to Afghanistan and work with the Taliban even though they would not be allowed to continue in their missionary work.

When the BBC put this over the news channel, the two British ladies were told by their governments to keep quiet. The American lady was told the same.

The west would not have it and lied about the Taliban, saying they bombed girls' schools, cut fingers off their hands and all other types of outrageous lies.

Like Iraq, so much as been done in Afghanistan to destroy the soul of the nation, that even all **the brutal bombing of the solid structures** initially put up by the U.N. to house food, medical supplies, tents, blankets, and many many other emergency necessities could not possibly come close to naming all the injustices and horrors done to these two nations by the west.

When the Taliban was thrown out of its seat of power, the U.S. told the Afghans that they needed "elections." The Americans started up the poppy drug trade again and were making money hand over fist whilst the Afghans were losing everything including the hope for a much better life.

So a new leader picked by the United States was put in power, and Afghans came from as far as Pakistan to join in with the elections, but the Americans really did not want this. So, as the convoy of Afghans were on route to Kabul from the outreaches of Afghanistan and Pakistan, the Americans began picking them off, so very few even made it. The Americans had their man, and he did what he was told, even though he began to regret it after the carnage came upon his people by his "allies," the Americans.

The American President, who is on a carnal power trip and after swearing his allegiance to the military base situated over there in Palestine, took office, and once again the American sons and daughters were used to fight their "ally's" wars, the ally which takes precedence over all, at all times; and the American people's money is used to fund the wars as well as the overseas military base positioned in Palestine while, they, the people, are thrown out of their homes, and jobs, and are beaten down at home.

Right now the President of the United States does not wish to attack Iran, so in order to pacify the forever-fighting-its-neighbours military base over the sea in Palestine, the President announces the U.S. will attack Syria instead. Of course, this is to give the allied military base Syrian waters to do with as they please, which would be to control the northern Arab/Islamic nations by turning the "tap off" any time they disagree with Israel. **Democracy is at best an inherent evil, for fragmentation of a nation, a government, or a people, will never result in unity.**

Without the oneness, which the wicked ones know well how to utilize among themselves, this world and its nations will forever be wracked with chaos and subservience to the wicked of this planet if there be nothing to counteract and remove it.

20. What Is Tipping America Off Its Foundation?

Most nations upon the face of this particular earth are ravaged by a demented Fifth Column Power which sits directly inside their government pulling strings through threats and intimidation. - Uthrania Seila Santana-Ries

The United States and The Fifth Column POWER!

September 21, 2012

Dear ones, this is a bit of a history lesson brought into your present and your future whereever you may reside.

Who tears the mosques down in Palestine? Who bombs the mosques in Iraq? Remember, the Iraqis were long used to Shiite pilgrims praying in their mosques inside Iraq and never before had a problem, so the Sunni Arabs were not the ones attacking the Shiite mosques, but some group wanted to pit the Sunni against their brother and sister Shiites.

If the two peoples fight one another then the third group or Fifth Column will have accomplished a mighty feat.

The house begins to tip.

Dear ones, this Fifth Column group hides behind the United States mechanism. The United States is their main supplier of soldiers, money, and war machines including chemical weapons. This makes the United States the most hated country in the world.

We all know how fenced in are the Palestinians where in their streets they are wall to wall, corralled in like cattle.

The American people are also fenced in. As large in size as the country is, when a man or a woman loses their job or their homes, by the droves, they can then travel nowhere. They cannot go over the Canadian border now without a visa. They are corralled in like cattle with the sea on three sides. They are as Palestinians living inside an occupied nation.

The more they resist and demand justice, the more the invisible hand comes down upon their heads in the form of riot police with arrests, pepper spray, rubber bullets, heavy handed bullying, and at times - murder.

The government and the hand which guides them try anything but to address the problems created deliberately against the people. No one is exempt but a few.

They do not wish to fix the problems - they created them.

These few can never be arrested nor put on trial because they control the police, the courts, and most of those who rule over the courts.

As the mainstream media continues in making fools of the unfoolish and ridiculing whomever they please, it is important to know that to concern oneself with that which lower man or womankind think or do against you, is not as nearly important as pleasing those gods and goddesses, your relatives from other worlds, who come on your behalf, because one day you will see it is **they who have ALL THE POWER!**

In Africa churches are burned to the ground. This enables the third group or Fifth Column to turn the Christians against the Muslims and vice versa.

You see the connection?

This results in confusion and loathing of the Muslims and Christians against one another.

Who benefits from this agenda?

Certainly not the Muslims and certainly not the Christians.

Were there no religions, this tactic could never work. Therein to hold onto your religious philosophy is giving the true enemy of the people, or the Fifth Column, the power to tip the house in their favor and create once again an open gate to throw you, the people, into chaos - **and you let them.**

If they insult a prophet many of you go into a frenzied chaos which is playing directly into the hand of the Fifth Column.

Remember, a house with four solid columns seated flat on an even rock foundation, is a good foundation. But the moment you place a fifth column which is higher than the other four columns, in the middle of it - that fifth column controls the building and the building tips this way and that, until it is brought down at the will of the Fifth Column Power.

Many of you throughout the world are led like sheep to the slaughter instead of standing up as Holy Universal Beings and taking your rightful place in society. Your rightful place is to not any longer be the target of those who pull religious strings attached to any one of you; nor whom squeeze the lifeblood out of you through their money trick.

It is you, the people, who are allowing yourselves to be controlled through exploitation of religion and through the exploitation of the money trick. Once you realize the extent of your own bondage, it will then be, that true freedom will emerge with the help of the people working in a oneness and a new system of paradise will arise.

But If you think that the "god" of your religion is going to beat down on your heads for breaking your man-made religious laws, then indeed, you do have a problem.

21. Federation Of Free Planets, President Thomas Jefferson, And This World

We begin with a quote from a former U.S. President Thomas Jefferson and continue in examining the need for the righteous people to protect themselves and their nations against those who would rather see you all dead in your graves if it keeps them wealthy and in power. - Uthrania Seila Sentana-Ries

Government And Its History Of Acclamations

October 18, 2012

Dear ones, let us cover several topics today. This first section has to do with the words of a former President of the United States of America. As enlightened as many of his words are there is a portion which I do take to comment upon.

This quote is not scribed material.

(Quote)

"Equal and exact justice to all men, of whatever state or persuasion, religious or political; peace, commerce, and honest friendship with all nations, entangling alliances with none;" Thomas Jefferson First Inaugural Address **(End quote)**

Under the Federated body of planets and nations seen therein, each nation needs to align itself with other nations in order to protect itself and its neighbours from invasion and occupation and never should a nation align itself with another nation nor a group of nations for the purpose of invasion and occupation of another.

Even the Federation of Free Planets join together to protect the paradisaical worlds. What do you think would happen if they did not? Those worlds would be faced with invasion and occupation from those worlds led by the money tricksters.

For an example let us look at NATO whose business it was not to involve themselves in the internal affairs of the United States as she decided to invade and occupy Afghanistan and Iraq.

Such folly saw NATO involved in another tyranny after it was proven that the taking down of the towers was not done by any of the invaded nations.

On that day New York saw people rejoicing and dancing in the street, whom after an arrest was made on them were let go to go back to where they had come from.

Let us proceed.

Government does not need to "do for the people." Enlightened leaders set up such the system of paradisaical economics and societal structure for the people, but the people are the ones who do all. They do not need governments to do the building and controlling for them. **People must not give their power over to governments**, especially "elected" personnel **who do not have the system of economics from the Federation of Free Planets in detailed format nor want it.**

The ones who invaded this earthen society millennia ago with their money trick and false concepts which assisted in creating religions, have infiltrated all sectors of society and that is why criminal activity is prevalent among all branches and organizations of society today throughout most of the world. *These wicked ones work also in a oneness throughout the network of society from the ground up and the top down. It just takes a phone call.*

Many whose agenda has been placed as a yoke upon the necks of the people consider themselves offended if anyone objects to their heavy-handedness, **yet is it not an offense to make one believe that which another insists they believe**, whether it be history, governmental and military action, type of education, among many other things; and if the people refuse this heavy-handedness upon their intellect, souls, and living situation, **they become persecuted?**

It is amazing when one begins to understand the enormity of this willful sacrilege done to the people in all categories of their lives.

Next. Let us stop being ridiculous concerning erroneous beliefs about UFO's and their inhabitants. It is time the people grew up; those of you who are still in the toddler stage.

People speak and authorities hype about 'invasion of aliens' **in order to frighten the people away from those in the starships whom are their ancestors who have come back as they promised they would in order to rescue their posterity. Since that promise was given, the generations, the same generations who have not managed to get themselves off the money trick/religious wheel have reincarnated up until this time.**

At the same time those who had first invaded the societies have also reincarnated up unto this day with their religion and money trick to ensnare the slaves they have made of all people over the generations save that of their own kind millennia ago. **So, beloved ones, you need not any longer fear a unholy invasion of "aliens" for they invaded millennia ago and are still holding you hostage to their economic/religious system.**

Finally comes the last portion. Let us see what we have here.

We hear over our news media the concern of one person not offending another. This suits those well who wish nobody to show them in a bad light and have no stand themselves, from which they may argue from.

Within this society it is a daily occurrence to disagree or point out errors or wickedness whenever one generally speaks. It is called dialogue. **And wherever a disagreement occurs then dialogue is the proper outlet for coming to a conclusion.** Of course, if one nation is invaded by another nation then dialogue is not going to help much. We all know that.

If dialogue is taken away because it "offends" somebody, then that offended one just cannot stand upon his or her own feet in a contest of ideas, facts or what-have-you. So let us open the books and see what we have.

Whom exactly is offending whom?

Dear ones, it is important, to be sure, to unmask the lies of history as printed and taught in our schools and universities and over the mainstream media, but do not forget about your present time in the here and now. Why is this? Because unless you deal with the situation today placed as a yoke upon your necks by the masqueraders of light who keep you in financial and religious bondage, not allowing you to think for yourselves without some form of punishment to be metted out on those who use their intellect, you will never regain the power they have taken from you, the people. **You must therefore regain your power back unto yourselves in order to open the forbidden books of history and see what had actually been written.**

When you discover the truth of what really happened, then reality opens your mind to more possibilities not considered before. Until you come to the realization you have been fed nothing but distorted facts and lies, you will be no less than astounded at the rapid

change in the thinking and the scope of understanding of not only yourself but of those people around you; and sadness will turn to hope, and despair to elation.

Do not be led any longer as sheep to the slaughterhouses of the tyrant people who once came from the worlds of hatred, greed, avarice, lies, and deception, enacting their tyranny upon the each one of you up unto this day.

22. A Hugely Encased Secret

Dear ones, we have in our possession a set of scribings from 1994, called "The Article of Faith Series," consisting of 5 short volumes. The excerpt following was taken from "Listen to me, General!" the second volume, and tells us of a "Hugely Encased Secret." Read carefully and understand. This writ has been a secret to the citizens for quite some time now. Read on and see what you, the people, can discover. We have placed this writ among our other writings due to its timeless importance.

A Revelation From Congress Room #4, Bellingham, Massachusetts

Monday, 25th July 1994

(Quote)

A HUGELY ENCASED SECRET

"And here is the 'Big Bang!' Just what do you suspect would be kept so intactly encased within the Naphine of proliferated activity? It is the dearth of human consumption relative to the decomposing bodily forms of those sad gaiters distinctly remorse of their unequivocal goodly surroundings. Heard of the case of the Neanderthal? Again, the dawning of a new age... And what about those polar ice caps wherewithin so melted? Did you and yours actually perceive the druids of yesteryear with their mumbo jumbo, secluding themselves from distinctly immoral societal structure? Think ye of the Naturale Earth Barrier Continuum? Does it really take an expert in genealogy to figure out the auspices of dictatorial perception? **Think! And lest you find immediate strain on your templates - suffice it to be unto yourselves - the truth of factorial compliance being found within the ruins of floating ice masses of "protocol excluded", as whole carcasses of families, par se, as determined by we ones and they, your geological experts, THAT WITHIN THE PERIMETER OF ONE ICE-FILLED TOMB LIES THE HIERARCHY OF WHAT YOU WOULD DEEM AS PREHISTORIC AGES OF YOUR HISTORY - FOUND INTACT!**

"This revelation, we're sure, will most definitely hit upon those soiled pocketbooks of the symphonic elder-elite, and may it suffice to say, that we have found not one yet alive, albeit, the bodily functional quality of DNA tissue as well as such underdeveloped brain tissue furthers their studies with intricate resource intentions as leaving the deductors of this most crucial information, of which the furthermost top scientists, archaeologists, methodologists, geologists and genealogists as well as few enough others, do find time to concur among themselves toward the possible injectures of declining stages of schizophrenias. 'No more need for hospitals,' they say, 'No more need for unbecoming societal structure. No more detrimental attacks of anxiety syndrome. These people would indeed be better off for all society' - then next: the PRISON INSTITUTIONS!"

"HOW WOULD ANYONE EVEN KNOW WHAT PLANS WE PERFORM? WE TELL THEM, IT IS SIMPLY FOR THE GOOD OF SOCIETY. 'BRAIN SHRINKING' OF A SORTS, YES, BUT GET RID OF THE LEECHES OF SOCIETY. DISTINCTLY TOMORROW. AN ELEMENT OF MISCONSTRUED MISCONJECTURE. AN ELEMENT OF FAIRNESS TO THE STRUGGLES OF SOCIETAL STRUCTURE IN WE ONES OF GOMORRAH, DEALING INTRICATELY WITHIN THE STRUCTURAL CONFINES OF MORAL WRATH. WHAT 'THEY' DON'T KNOW CAN NOT ONLY NOT HURT THEM, BUT IN EFFECT, WILL ELIMINATE BODILY POLLUTION AND LOWER THE ECONOMIC STANDARD WHEREBY THEY LIVE."

"Within the crucial stages of embryo inducement to the babes so born within poverty regulations, it is presumed that this effect will serve to submerge those ones of the retarding sector, primarily retardation and its due complements, to engage this sort of detrimental ephology of instrumental success.

"OUR ACCOMPLISHMENTS WOULD THEREBY BE RECORDED AS SUCH THROUGHOUT THOSE HISTORY BOOKS, AND NO ONE WOULD BE ANY THE WISER. CONSTITUENTS OF GOVERNMENTAL POLICIES WOULD THEREBY LEARN, IN DUE PROCESS OF TIME, THAT ABORTION IS TRULY ILLEGAL IN EVERY ASPECT OF THE WORD, WHILE PERFORMING A DIFFERENT TYPE OF EUTHANASIA UPON THEIR YOUNG.

"LARGE INTERNMENT CAMPS WOULD THEREFORE BE THE ORDER OF THE DAY AND STOCKHOLM WOULD INDEED PROVIDE US WITH ENOUGH STATISTICAL RESOURCES TO ENABLE OUR FINAL VICTORY RUN!

"WE HAVE THEM ALL BY THE HEEL OF THEIR SHOES, AND THEN WHEN WE ARE FINISHED, NOT ONE WILL BE LEFT STANDING IN CO-OPERATION WITH THE GREAT TRADITIONAL LAWS OF THE UNIVERSE! FOR NOT ONE WILL BE LEFT WITH THE BRAINS THEY WERE BORN WITH!! ALL WE NEED NOW, FELLOW MEMBERS, IS A GOOD SOLID FOOT IN THE DOORWAY OF DESIRE - FOR THAT VERY ELEMENT OF HOPE, SUCCESS STORIES, WANTS, NEEDS AND DESIRES WILL SILENTLY SLIP FROM WITHIN THEIR GRASP AND BE LOST FOREVER. WITH OUR OWN SOURCE OF MISFIT-TYPE DRUID PERSONALITIES ABOUND FOR THE OUTWORKING OF OUR SYSTEMATIC SKETCHES OF TOMORROW - NOT AVAILING THE OUTPOURING OF HEATED WRATH UPON THOSE POPULACES OF THE WORLD. WE INDEED, DEAR FELLOWS, LEARN WHAT THE LIFE ESSENCE OF NOBILITY IS TRULY ABOUT. AND THAT, DEAR FELLOWS, IS US."

"Breckenbacher Esq., Congress Room #4. Bellingham, Massachusetts.

EPILOGUE

"This, dear ones, provides the epilogue of today's story, which soon, with the time-span of this age, being of a climactic nature, will undoubtedly prove its resource in alerting the populace of the world. Adieu and thank you, Seila. Record time as being 7:07 pm." **(End quote)**

23. Why Fight Against Paradise..?

This article I have written myself, and I delve into the details of why certain ones do not wish to give others, a paradisaical system, and who, indeed are involved in this atrocity against the people, themselves. - Uthrania Seila Sentana-Ries

Who Wants Paradise..?!

July 21, 2012

The fight against paradise is one of the highest forms of selfishness. Those who engage in it do not want to let go of the financial advantage they have over others. **They are not interested in achieving a paradisaical freedom for any of the people. They only want to retain the money system and the power it gives for themselves.**

Some governments work for the people and others work against the people. And some people work against the paradisaical system in order to gain power and temporary wealth unto themselves through betraying the peoples of the nations and keeping them far away from building the paradisaical system they crave.

A government which is not there for the people is not worth even being around.

Likewise, if you live within a tax system instead of under universal principle and law, which forbids Reba, or taxes, you will always live within utter chaos, **and you cannot fix a problem with the same method which created the problem in the first place.**

In addition to this, you then have the religious leaders saying to you: **"You do not need lots of money, you need paradise in heaven, but give to us your tithing. Do not concern yourselves in building paradise now, but you must wait until you are dead to enter into Paradise! Therefore tithe us your money and we will pray for you."**

Both, taxation and religion, walk on the same footing, and that footing states: we must protect the financial system for it serves us well and gives us a powerful advantage over others who are the slaves to it. Nothing could be further from building a paradise on earth than that.

People, what you build now will be your paradise in your next life. You cannot build paradise with money and taxes.

Now, the goal of these privileged wealthy few is occupation and infiltration of the nations around the world. In the Middle East and Africa, when the people protested, Blackwater and others of likeness were put in **and began shooting the protesters**, just as they did in Iran, and are doing in Syria, Yemen, and other nations, and blaming the shootings on the Presidential troops. This is how the wrong type of revolution gets started.

In Pakistan, over 10,000 Blackwater-type mercenaries landed on a U.S. base. From there they were dispersed to Yemen, Libya, Syria, as well as other nations, dressed as Arabs, Africanis, or whatever was needed. They already had the guns funded by the west itself who like to blame others for their wicked deeds.

As we all know, the lifeblood of any nation is water.

The irrigation system invented by Colonel Qaddafi for pure water was to be offered to all needy nations inside of Africa as well as inside Libya. What the Americans and their allies did to Libya, they are now doing to Syria, and I am speaking about stealing the water rights. Can you imagine what would happen if water was turned off to the Arab nations in the north? Can you imagine the power the west and their allied military base sitting in Palestine would have over them all?

President Mubarak, for all his wrong-doing in keeping Egypt's border to Gaza closed, was trying to keep Egypt from ending up like the Palestinians in Gaza and the West Bank. He was afraid the Palestinians would flood into Egypt and fight the west's allied military base sitting in Palestine, from Egyptian soil. President Mubarak was also concerned in keeping the Muslim Brotherhood from becoming too strong and being influenced by Iran.

In ancient times Egypt was one of the first nations which recorded their allegiance to the starships and star people. It held no religion of any kind. That changed with the generations and loss of knowledge, and military rule became the norm. That was not good either.

Egypt will now protect itself, but we hope in doing so it will not end up like Gaza, or the West Bank, nor knuckle its people down in a more religious way.

Iran has attacked no nation militarily in over 200 years, and are a dear people. But as President Mahmoud Ahmadinejad made great strides toward good brotherhood feelings between himself and King Abdullah of Saudi Arabia, the Ayatollah of Iran was stirring up trouble for the Arab nations with Saudi Arabia being one of his main targets.

On Press TV the Ayatollah told the Sunni Arabs to join with the Shiites and overturn the Arab governments. Whereas President Ahmadinejad worked for peace, the Ayatollah worked subversively for war, making Iran an island in the majority of the Arab and Sunni Arab world.

In Lebanon the hidden hand murdered the former President Rafic Hariri in order to turn Lebanese public opinion against Hezbollah and weaken Hezbollah's effectiveness in defending Lebanon against the west and the west's allied military base sitting in Palestine. **The west intended to stop**

Hezbollah from protecting Syria and Syrian waters from the west and their allied military base sitting in Palestine, through the trick of trying to get Sheik Hassan Nasrallah into de Hague on false charges.

The Americans and their allies love to do evil deeds and then to blame others for them.

The Ayatollah of Iran is also instigating uprisings against Arab governments because the Ayatollah wants Iran to be the center of a paradisaical order, however in a "religious" format. **To us, that is unacceptable, for the paradise we are building has no borders and is not religious. Building paradise begins with dispensing correct and truthful information.**

So, the west's allied military base positioned in Palestine insists upon attacking Iran and doing completely away with Palestine. Look on any modern map. Palestine is no longer there. The western allied military base sitting in Palestine has an agenda which is far from peaceful for any people.

You see the story is coming to its conclusion.

In addition, because of the Christian Bible's connotation on the "evils of Babylon," as taught throughout the generations, Iraq was smashed. This was not simply due to the so-called weapons of mass destruction, or to our giving Iraq a blueprint for a paradisaical system, but was due to a teaching which was passed up throughout the generations by religionists. **So, the Christian community of the west had been long deceived into thinking that their allied military base sitting in Palestine has priorities over all other nations, which could not be further from the truth.**

But the truth has long been disguised by fiction.

- Uthrania Seila Sentana-Ries

24. Democracy Is NOT Paradise

Dear ones, if you win over your enemies you have accomplished something. If you conquer them you have lost the war. - Uthrania Seila Sentana-Ries

Can You Attain Paradise Through Democracy?

July 26, 2012

We look at the problem of attaining a paradisaical world through democracy. I have taken a portion also out of my blueprint for Iraq. The west did not like this trend in the Middle East so they destroyed every nation we tried to help - one by one. So now when a nation is on its way to setting up as well as they are able, the beginning of paradise for their people, we say nothing.

As you look at the "democratic nations" there is little to compare it to a paradisaical way of life. For instance, not much if anything is ever free.

The politicians should throw out the tax and usury system in favour of the original economic system as used upon many planetary worlds, even though many planetary worlds are no further ahead than this one. In that way your politicians would be accomplishing something worth doing.

As it is, half of the world behaves crazily and the other half follows.

Courts and jails are no more than an attestation to systematic failure and a complete breakdown of Universal structure of justice.

With all this information coming rapidly to the forefront of understanding in peoples' minds, from different sources, **let us for a moment in time look forward upon a segment of what exactly to do about this ongoing disaster in the matter of housing taken from my blueprint for Iraq.**

Housing

Every family is entitled to a plot of land to grow vegetables, trees and flowers, and to build a house suitable for the size of their family. There will be no mansions nor castles. Each family will attend a school to learn requirements for house size and building code expectations.

These schools will be within each district. If a woman is expecting a child or a family chooses to house their elderly then the permit they are given will reflect the suitable size of the home. Each family, however, will be permitted to choose the materials for their homes, such as marble floors, or hardwood floors. In return their own talents will be required by others.

Each home will be equipped with windpower windmills in their rooftops as well as solar power either in the roof, or walls or both. All wind and solar power goes into the grid. The grid consists of all transmission lines supplying the people's electrical needs nationwide. This grid is the inherent right of all people and thusly is provided at no charge.

Farms will be also equipped with both and must provide heated accommodations for their animals during the cold season.

Each home will have gun safes. The key to this room will be held by the heads or head if there is only one parent, or eldest sibling no younger than sixteen years of age, of the family. In the event of an invasion the Ummah (or province) they live in will sound an alarm and the districts will immediately arm and wait for further coded instructions from the Security Panel which will continue to inform the Ummahs. (end quote)

(Note: Until this planet comes under the protection of the Federation of Free Planets, the people will need to protect themselves, if we were to get that far which is highly doubtful at the stage of humanities evolution. Those who wish it are being bombed and have chemical weapons continually dropped upon their persons. - Uthrania Seila Sentana-Ries)

Ummahs work within the UMMAH which is the Nation, itself.

Of the Ummah, I qualify one in capital letters and the other in small print. Of course, this is all explained at the beginning of the blueprint for Iraq, which is in its detail exemplary.

Right now the western governments and corporate powers in America hold most of the land. Much land in the west is unoccupied so that the people are forced into the towns and cities where they are groomed for poverty and to keep them under the thumb of their slave masters.

Even some who live within desert regions in the United States and own property rights, meaning the titles to the land which they occupy, are still being forced out by the authorities uncompensated for the losses, which is a blatant denial of their inherent right to their own property. Targeted are particularly some who "live off the grid" in self-sufficiency.

Those who press upon others the system of democracy, do so in order to perpetuate the tyrannical economic system and societal structure. Fragmentation is chaos. Those who force democracy upon others, uphold the continuous plummeting of the world into chaos because democracy is the perfect smokescreen for deceiving the people. Those residing under such a system are made by the international banker to reside within the illegal system of usury. This can be stated of all formats of governmental control under the non-Universal structure of present-day economics.

In other words, the international banker knows certain leaders may rebel once they are elected, **so the international banker may contemplate discrediting and demonizing these leaders before the world's-present-day societal structure - or worse.**

Those who wish to give to the people that which is theirs never last long whilst those who take from the people usually in the form of the taxation or the reba-usury system and the selling out of their national resources to foreign powers, are those whom are guaranteed another four years next coming election.

As it stands today, impotency still reigns in the brains of most World Leaders.

25. Democracy - The Occupier Of The Nations!

No type of government as stands before the people of this world, is able to lead you into rebuilding in complete formation - paradise, but some do come close to a good beginning. Those who do are stopped in their tracks by those who run the money-trick. - Uthrания Seila Sentana-Ries

Democracy, the Tyrant

August 7, 2012

There are many ways to look at the tyrant, democracy, and to call democracy an occupier, dear ones, is just one more catalyst to understanding this form of ruthlessness against the people. Your minds

and hearts have been saturated for so long with the lie that democracy is a government **for the people** that many of you can no longer think otherwise.

Democracy is **not** a government for the people, of the people, nor by the people.

Before we can move on, dear ones, we must turn away from the evil and embrace all that which is good for our souls as well as our physical bodies. Let us look at this ploy against the nations from another viewpoint then.

A coup on a nation begins long before the coup upon the nation's government takes place by evil and aggressive powers. They have air power, chemical weapons, ground forces, and forces by sea, which draw a line around a nation before pulling the noose tight.

There is nothing natural about your democracy. Democracy is a door opened for the uneducated, selfish, greed-filled and traitorous persons to feed off the people within.

A coup on the nations result firstly in occupation and theft of other nations' natural resources belonging to their respective people. After the initial invasion usually with bombs, chemical weapons and mercenaries, and foreign spies, does the occupying power perform a coup on the **governments** of the nations.

This is a strategy, dear ones, and a very dangerous one. The occupying forces take down the nations by military force, layer by layer, and in the present national government's place is set up a fragmenting friction of a group of people led by a western instilled marionette. The people of the nations, beloveds, are all left out. This is the goal and reason of the western powers: **no power for the people**

Democracy allows for no power for the people, only power over the people. In a paradisaical society the people are the power - the only power which protects a nation and their leadership.

Many people say: "*Let us look among ourselves to find one or two or even several who may make our lives easier.*" But beloveds, does any one who is fortunate enough to be elected by the people, have the solutions to "all" the peoples' misfortunes and concerns? If not, then what can the "elected" ones do to change the system from hellish economics to paradisaical stability and contentment? Nothing!

Look at the western governments: **only lobbyists have power in government.** They, in fact, operate the government of the west. They fund one another from banking institutions all the way down the ladder throughout every facet of society, and this is why, dear ones, you can never rid yourselves of those trying to harm you with pharmaceutical drugs and expenses, lawyer fees, injustice for the poor, and the philosophical and historical falsehoods taught in your schools, colleges and universities. This is to name just a few.

We cannot stress to you, the readers, enough, how dangerous this form of government is. Democracy presents a four-year coup cycle which fragments the government from each other as well as from the people and pulls everyone away from the oneness of unity needed to even begin building paradise.

Rigged elections, hidden-away ballot boxes, and should the people win an election for their candidate, how many of the candidates or people themselves, know how to recreate paradise on this world, you call earth? Again we ask of the readers, this most important question.

This particular world is run by men of the lower-evolved attitude. They have long been influenced by those who first came to this earth with their money trick. Many generations of being reincarnated back into the same society, run by the same people with their evil banking trick, has made most of you forget your true origins.

This world is in a diabolical mess because of it. But could women do any better at their stage of development? We see women in high places. Most of them try to outdo the men in their wickedness and competition with them. Other women wish to pull out of wars which the men have begun, but find themselves unable to do so.

In effect, any format of government as known upon this particular world is useless in rebuilding a paradisaical system in its entirety. However, the paradisaical system which we offered up to the nations in the year 2000, will bring the nations around in one quick hurry.

The "powers that be" have said "NO."

Dear ones, out of our blueprint for Iraq we displayed a segment which dealt with the question of: How could a leadership of Twenty-Four ensure their own safety?

Here is our answer to that concern: If the system and leadership working within that system gives to the people not only that which they need, but that also which the people desire, then there will be no question that the people, themselves, armed to the teeth, will satisfactorily protect the leadership who give them the people-friendly system.

Switzerland is one nation which has never been attacked, dear ones. They have fortifications in the mountains. Their people are heavily armed. Therein anyone who envisions invading Switzerland must first pass through mountain passages which are militarily fortified by the Swiss people.

Switzerland, however, still heavily embraces the banking system and it is this banking system with its economics which separate the rich from the poor. So again, many facets of paradise must be built.

Before this occurs of course, the nations will have ensured that no adversary is allowed to undermine the paradisaical order of economics. Many adversaries when they see the banking system collapse will decide among themselves that perhaps paradise building is the better choice. But others will cling to the old system in hopes of bringing to themselves an unfair advantage.

Such wicked ones do not seem to realize that they, themselves, could aptly benefit from a system of a paradisaical nature. This is their folly.

The day will come when they will have no choice in the matter and when that day comes, the wise will become fools and the fools then become the wise.

"Remember this, Sisterhood and Brethren, it is written that many of us "walk among the living dead." This demonstrates that in the time nearest the new beginning, the same generations

would come back to walk this earth. Those living upon this earth in their bodily cases are called the "living." Those whom these living considered "deceased" whether over long centuries of time or the short present who have since reincarnated upon this same earthen plane are the "living dead." So all will be privy to choose which side they are on - the system born in heaven or the system born in hell. The capitalist system of economics and their societal structure, or the paradisaical system of economics and our societal structure. After all, it is your choice, each and every one." (Taken from our blueprint for Iraq).

It is your choice, beloveds - heaven is built on every earth where the people demand it, and hell is reserved the worlds for the unevolved of soul, intellect and wisdom.

26. Each Drop Of Blood Shed By Slaves Becomes A Smile Awaiting A New Mouth

We are looking at whether or not the age old money trick keeps you, the people, out of paradise. We take another look at India, Pakistan and Kashmire as a family of three people and you may be surprised at how easy ...Uthrania Seila Santana-Ries

Does the Money Trick Keep You Out of Paradise? Let Us Look Again at Kashmire

August 12, 2012

The system of money keeps you from regaining paradise, which is the case for all people in lifesteams of lower evolution where money is the basis for their economies. You, the people, will have to decide which new life you want when you reincarnate: tears from slavery or smiles from the enjoyment of freedom.

Dear ones, it is the money system which holds every good project in abeyance to the banking cabal. **You cannot "have" anything without paying money for it.**

It is the monetary system of either **numbers or cash** flow which keeps paradise from being built. **You cannot "build" without paying with money for some aspect of that which you wish to build.**

Love of money, dear ones, has war as its natural consequence.

The system of money is what keeps you, the people, out of your own hand-built paradise. Therefore, each drop of blood shed by slaves to the money system, those same slaves who insist upon building their paradise to enter into in the next lifestream, becomes a smile awaiting a new mouth.

Democratic elections are also a reason that war so often is stepped up. Becoming elected often comes about with "favours" promised to those who fight against the people for the candidates' own profits. Therein do the candidates say to themselves: "**We must agree to go and conquer nations stealing their resources and then will we stuff away the kickbacks within our own offshore banking accounts.**"

Bribe money is prevalent in every election and worms its way throughout the next four years. In addition comes the need for more offshore accounts through the never-ending and continuous laundering of money - your money.

Dear ones, it is imperative to understand the range of diverse economic and religious corruption which hold the people as slaves in bondage to the banking group in order to understand the problem so as to implement the solution.

The day the people and the leaderships of the nations opt for their true status of Humanity: **H = holy, U = universal, man or woman** by behaving properly, both respect and cooperation with the Federation of Free Planets and their original economic system, will be theirs.

That will be the day in which the money laundering scamists will no longer be able to threaten nor blackmail any more nations into compliance under the corrupt corporate banking system of the One World Order Police State, nor run the planet and its people into financial despair.

Any time monetary debt is held over the heads of governments and their people as a "means of survival" that is the time the governments and their people **must reverse their tactics and eliminate that which holds them all in bondage.**

Inasfar as Pakistan and India are concerned, we, working with the Federation of Free Planets more than 8 years ago, gave to both leaderships and their people the understanding of the universal economics which several of the other nations had been given, and the **people** of both nations loved it and adopted the theory but were prevented from putting it into practice. They pleaded with both governments to implement it before any more bloodshed would take place in Kashmir.

Kashmir is likened to a child, with both parents forever bickering and fighting as to which religion that child should embrace, and whom that child's loyalties should fall toward. How can that child be

aptly protected then without being caught in the crossfire with both parents pointing guns at one another while the child stands in the middle watching it all?

However, both, the Pakistani government as well as the government of India did not wish to allow the people to have their way with the original economic system, even though the people at that time demanded it and were backed eventually by the OIC, the Organization of Islamic Countries.

This would then have solved the Kashmir problem, for independence comes only when liberty is first gained, leaving neither Pakistan nor India without credibility in the Kashmir region, instead trading back and forth one with another without the need for money. Imagine all three working as a family, with the child being allowed to stand upon its own two feet whilst the parents partake of the good the child offers back without loss of independence to itself.

27. Zero Tolerance For A Controlled U.S. Government Or Palestine!

And the war rages on between good and evil, and the few use brutality for the suppression of the many, and the righteous wring their hands in despair, saying to themselves: "When will all this injustice against us end?!" - Uthrania Seila Santana-Ries

Who Rules the World?

"I believe that banking institutions are more dangerous to our liberties than standing armies." - Thomas Jefferson

WAR FOR PROFIT!

This is NOT War!

The little boy in the picture above this one was captured by the soldiers of the military base behind the wall who came deeper into Palestinian territory, and grabbed the ten-year-old boy; the child in his terror wet his pants and then the soldiers shot him in the back.

How can one call it “war” between Israel and Palestine when Israel is heavily armed and the Palestinians are corralled basically weaponless, where over fifty percent of them are “children?”!

What utter nonsense! The people of Gaza cannot even acquire food and medicines, never mind weapons to fight Israel!

This is NOT WAR between two factions! This is GENOCIDE!

Many good Israelis are fighting against the tyranny of their own regime for they, too, are under occupation.

The Hebrews used to live in peace with the Arabs until the land was taken over by the Zionist faction whom ever since has made war with its neighbours.

A spokesman for the prime warmonger camp of the military base occupying Palestine said that Gaza was “a forward Iranian base” wherein Israel had to protect itself.

Again, what utter nonsense! The people of Gaza cannot even acquire food and medicines, never mind weapons to fight Israel!

What we have here is an ongoing contemptuous act of aggression - **not by a nation, but by a MILITARY BASE** - which continually gathers munitions to itself whilst **its “enemies,” the children next door**, so to speak, are forbidden to gather fish and olives from their ocean and fields!

A Palestinian Hero

MY HERO:

This is my hero, Nabil. He is eight years old. He goes into the streets alone, in his rubber shoes and t-shirt to fight with stones against Israeli tanks. Two years ago Nabil's father was killed by Israeli troops while six year old Nabil looked on helpless. Later the IDF blew up Nabil's school. Two weeks after this photo was taken an Israeli sniper shot Nabil through the head, killing him instantly.

YOUR TAX DOLLARS AT WORK

This is a brave little Palestinian boy but it is not wise for the parents to allow children to throw stones at tanks for the result is almost always deadly.

Christians Not Free From Occupation

Dead End

Each of the three religions claim Jerusalem as a part of their end-time reward; fighting each other, though one third of them is constantly being invaded, those being the Muslims; while the other third being the Christians, also being occupied in their nations by the last third which gallantly sits as one of the largest military bases in the world which stretches out its tentacles through nation by nation.

If you in Christian countries think you are not under occupation then why have you no money, no jobs, no homes, and in fact are going down the same road as the Palestinians, the Iraqi, the Afghani, the Yemeni, etc?

You, dear ones, ARE UNDER SANCTIONS FROM THE SAME ONES WHO HAVE PLACED SANCTIONS ON PALESTINE, IRAN AS WELL AS SUNDRY OTHER NATIONS.

And the only sanctions which are not allowed in the Middle East and Africa are sanctions which keep the exportation of weapons into the hands of those who work for the West from happening.

Many in each of these religions are taught that the end times, as they call it, will bring about a most exciting time, **BUT I TELL YOU, THERE IS NOTHING EXCITING ABOUT WAR AND OCCUPATION, AND IF ANY OF THE THREE RELIGIONS THINK THERE IS TO BE A REWARD FOR WHAT THEY ARE DOING IN THEIR EVIL DISPOSITIONS TOWARD ONE ANOTHER, THEN THEY ARE SADLY MISTAKEN!**

Secession May Be the Solution!

In the United States of America the people are petitioning for secession from the foreign-power controlled central government, which acts not like a government in the interests of the people, but behaves like a power-hungry controlling club.

The foreign occupiers have no words with which to defend themselves, and that is why whenever one opposes their agenda they cry "foul," "hate," or "thought crime." Had the foreign body, which is as a speck in the eye being a constant irritant, any words of reason and logic, the people would not be protesting against their agenda and wickedness at all.

Asking the occupiers of your country to allow secession is not going to get you very far, dear ones.

The foreign power holding and keeping you captive is not your friend - you are its merchandise. And you know how they love the gold, the money power, and to send your soldiers, your own flesh and blood to fight and die in their wars, for their interests .

Your occupiers do not care about your needs, but **you** are going in the right direction; **you** are doing something; taking action; and that is good. You are protesting in a oneness of purpose. You are taking your money out of the giant corporate banks. Certain military men and women are standing up for the Constitution they swore to defend.

If you secede, the foreign power will treat you as separate countries to be taken over and occupied. They will again put the carrot out for those would-be-traitors to the people of the state, or nation-state, and try to put their own people back in power.

Here again, the foreign power could not do this if money were not the object of their obsession and insanity.

Your military needs to stand against these traitors of the Constitution, each man, each woman in their own nation state.

The Constitution will not bring America back, it is too fraught with problems, also, but the Constitution can at least be rallied around as a start to a new day.

Here again, the foreign power could not do this if money were not the object of their obsession and insanity.

Will NATO Come Into It?

NATO Terrorist Organization

The foreign power may use NATO as their tool if the U.S. military splits into its own nation states.

However, remember the example of Switzerland, the people are all armed (by their government and here is the difference) ready to rise up in one big swell in defense of their country.

Each seceded nation state could do the same thing, one state or nation state protecting the other until such a groundswell of military in all its categories with non-military standing beside the military would force NATO out and you would have your country back again.

Never forget that you must work in the oneness for that is how your foreign occupier works from the smallest to the highest in every category of every workplace where you work.

Delve into who are at the top of all work-a-day hours and learn.

Religion of the Christian sect is a boon for the foreign powers, for the text of their "holy book" was handwritten in entries telling the people that they must fight for Israel whilst the entire whole text of what really was said and done, was eliminated.

The Muslim nation are also waiting for their holy one to appear and so do the Hebrews wait for their "king."

Never a woman – always a man.

How purely bias.

When one looks at what the male has done to this world and is doing to his brothers and sisters with his laws and racism and wars, **then it brings one to wonder just how this global society ever did last this long after the last cleansing of the planet. Religious Lies Are An Occupation of the Mind**

This is one of thousands of children whom had depleted uranium dumped upon his parents who then breathed it in. This depleted uranium was also ingested through water, food, and so on. It is as such an environmental pollution from which no-one escapes, not even their unborn and unconceived as yet children.

Your U.S. soldiers breathe in the same air, but do not always drink the polluted waters.

Every generation has believed that they were living in end times because they did not have at their disposal the full text of that which the Starship Commanders gave to their scribes and others of the people in person.

Many in the Christian community have been taught that the end times they are living in IS EXCITING! ARMEGEDDON IS NEARLY HERE! THERE WILL BE A WORLD WAR! At least over in the Middle East *far away from where most of them are in the west.*

Let me tell you, beloveds, that **there is absolutely NOTHING EXCITING ABOUT WAR OF ANY KIND**, whether they be sanctions, bombings, or otherwise. If you were to ask those living in the Middle East and Africa, for starters, if they thought they were living in exciting times, they would reply:

"WE LIVE IN HELL ON EARTH!"

And most of you in the Christian world would not even recognize your "Jesus the Christed One" if he came to you with his new name "**Captain James Galiac Sananda**" introducing to you his starship **for your retrieval – so you have nothing to be excited about in any case unless you get all of your ducks in a row and begin swimming toward safety by preparing yourselves for evacuation which comes to those who are not ignorant nor arrogant enough to refuse it.**

28. The Horrors Of The Money Trick!

Let us look at where "money" originated from, and the details of what has happened since it's implementation upon a world set apart as a waystation for many cultures from near and distant planets to come together as one HUman race and coordinate upon. - Uthrania Seila Santana-Ries

Where Did Money Originate From?

World of Angorius

July 22, 2012

Why do we need the money system, when paradise can be as close as our nose itself? In fact, it is right in front of your nose. We only have to build it.

The wicked ones as we know, who came from other worlds to conquer the children of the good star people here upon this planet of earth and water, tried to first deceive the children of the good star people telling them that it was not enough to just share one with another, their stories, their culture, their arts, their sciences, and their technological disciplines. The inhabitants were told they were missing something, and that something was money.

You Do Not Need Money to Bury the Dead!

No Money Needed to Bury the Dead!

If one runs out of money through lack of employment and finds him or herself with no safety net of any kind, personal or governmental, then that person may starve to death and be relegated to the morgue which the government will then pay a paltry penny to the undertaker. **All money-run. "Hurry! Buy an expensive beautiful coffin for yourself or your loved one!" says the undertaker.**

All on an equal payment plan to come out of your money as an added expense. I **can assure you that the "dead" will not care what they are buried in. Be good to each other in the here and now, and do not wait until their body expires. You could bury them yourselves were it not for the rigid money system and your lands being taken from you by the conglomerates and government.**

Would you believe that money is the great tribulation of all peoples? No? **Well let us look at the need for money in greater depth. Notice what the "need" for money is.**

Paradise needs no money for wickedness does not exist in a paradisaical world.

Let us continue:

The Banks Cull the Nations of Their Resources!

Murdering Bankers

You never see the banks bail the people out of starvation or bail nations out of a national catastrophe. Why? Because they are ruthless and are not in the business of "compassionate service."

Banks "cull" the nations because they "kill" to acquire those natural resources belonging to the peoples and their nations.

The governing body of all national banks is the BIS ([Bank for International Settlements](#)) of which their main base is in Basil, Switzerland and the delegation members are not allowed to take written notes on what is being said there and the media is excluded from looking into the proceedings. They meet every sixty days. [Established on 17 May 1930, the BIS is the world's oldest international financial organisation.](#) And who set them up? It was a combined effort of the City of London Corporation, New York Bankers, and Bankers from Washington, D.C.

After any type of catastrophe the national leaders are **then forced to take loans from the World Bank to pay the contractors to rebuild the nation. It is loan sharking and the debt takes on interest or Reba which forfeits the leaders being able to pay the initial sum back.** This interest and debt is then taken from the people, who, after such traumatic hardship, can no longer afford the debt, never mind the usury portion of the debt.

So, because the people can no longer afford to pay back the money to the government to give back to the World Bank, **the bankers begin to steal assets of the people, and the nation. They fool the national leaders to sell the assets belonging to the people, to them, in the form of utility companies, in return for some national dept relief.** This is how the banks steal the water and electrical rights through privatization. The health system also becomes privatized; the education is compromised and "new lessons" are taught falsifying history, for example, and promoting "economics and the banking system," and on and on this tragedy goes.

Money buys people to assassinate others. Many people would still be physically alive on this planet if there were no price of money on their lives. Then we have the industry of war which is one if not "*the*" largest money making business in the world, and continues to be so, no matter who suffers.

Lockerby Pan Am, Bali, Kenya, Tanzania, and Pearl Harbour - More False Flags

FALSE FLAGS!

The downing of the Lockerby Pan Am was a false flag as was the downing of the twin towers in NY. Both of these catastrophes were a pretense for a later destruction of the three nations, Libya, Iraq and Afghanistan. When it was not believed that Iraq brought the towers down, Afghanistan was blamed. **Drop bombs and chemical weapons and the banks make money.** The industrial propaganda war machine makes money via western news outlets and many more bombs are made and disposed of on top of the heads of the innocent.

This is all money driven.

And let us never forget **Pearl Harbour** and that false flag. Then **Bali, Kenya and Tanzania**. Of the latter two the west contacted their allied military base which situated itself directly inside Palestine, asking them to come and "**investigate**." The leader of one of the two African nations asked if he might be included. He was refused. What exactly did the military base sitting in Palestine have to do with either of these almost simultaneously "**bombed**" **embassies**? What did they have to cover-up? Guess who got blamed and put your two and two together.

The lust for money can be blamed for marketing peoples' organs; black marketing people for slaves and sexual playthings; pharmaceuticals with their legalized drug trade; illegal drug trading; and because of "lack of money" (taken out of circulation) schools shut down leaving the people illiterate and those schools which remain open have teachers whom are instructed to feed their students falsified history to suit the wicked ones who cause all the trouble in the world with their money trick. **Wickedness builds upon wickedness and the people suffer.**

Iraq, President Saddam Hussein and the Banks!

President Saddam Hussein

In the Middle East, President Saddam Hussein was badly smeared and lied about, and his worst sin against the banker was to set up Iraq's own bank and charge 5 cents per litre at the gas pump, realizing the gas belonged to the people. Free education and free health care including free hospitalization for all were among the norm; **free gas for the inner cities of the U.S. which was intercepted by the U.S. government and never made it into the inner cities was sent by President Saddam Hussein, himself.**

Iraq was taken to great heights and eventually President Saddam Hussein won the UNESCO award for his advanced Health system which out rated all Health systems in the Middle East. And this was just the beginning. All this as well as many other generosities which were considered as standard upon worlds of much higher evolvement **was never once mentioned by the propaganda machine of the world.**

But all this made the evil ones very angry and they smeared and lied about the leader and they hired men with their money trick to take down the leader with promises of the Iraqi throne to be given to them, at a price of course. And that price was to hand over the natural resources to the west and its allied military base sitting over there in Palestine. So this was agreed upon and the other wicked ones wrote even more stories which were found to be not true. **Saddam and his people were done a great injustice by a great many people.**

Lybia, Colonel Qadaffi and the Banks!

Colonel Qadaffi 1970

In Africa, Colonel Qadaffi followed in giving the people their own bank and many true freedoms such as free education; free health care; free electricity; his government covered one-half the cost of those requiring a new vehicle; farmers were given free land, a free house, free equipment, free livestock and free seeds. Gas at the pumps was 14 cents to the gallon; Newlyweds received 50,000 toward housing; and the man-made river of water to be shared with all of Africa was one of Colonel Qadaffi's greatest dreams.

Now all of these rights, the west charges their own people for. And the west has the audacity to tell these nations they have no freedom.

Colonel Qadaffi's biggest sin as far as the bankers were concerned was to set up Libya's own bank. He had kept Libya out of debt and for this the banker wanted him removed. So the west again hired mercenaries to destroy his nation and foster dissent, and many foolish people thought they could sit in his chair. Then they would betray their own people for money and so they began to destroy their own paradise, which, likened unto Iraq, was being built for them all.

Both of these leaders were hard on those trying to destroy the paradise which they were, along with many of their people, trying to build.

Look at the Two Nations Now

And all this wickedness would end in one big hurry if the money system was dropped. No more cash, cheques, bounties, plastic cards, chips, or other promissory notes. Having a no-money system is the beginning of no more misery and the beginning of building a system, which in all of its detail, offers a life of enthusiasm for the people, each and every one.

And best of all, no more false flags for destruction of nations, because each of those false flags was - **money driven.**

Dear readers, when President Hussein was still the President there were counted just over 2 million Iraqi murdered.

The death rate has since risen substantially if we include internal murders as well as casualties from **depleted uranium caused cancers**.

President Saddam Hussein and the RCC kept data on statistics **begging the Americans to STOP their bombing and killing but to no avail**.

We worked together to inform the people in hopes of getting the sanctions lifted but the American government said "**No! Saddam had to go first!**"

They wanted a puppet ruler.

So, when the President was made to leave his chair and another tried to fill his boots, **the sanctions still did not come off!** And Iraq was worse off than it ever was.

And the Iraqis are paying to this day.

The Arab leaders told the American administration that if they toppled Saddam all of Iraq would be in a cesspool of a civil war from all sides.

Yet this did not stop the Americans. **They just kept on killing and destroying as though they were playing video games and many enjoying every minute of it.**

The picture speaks for itself. Depleted Uranium dropped by the Americans on these defenceless people. DU was used for ammunition. The specific weight of depleted uranium makes it ideal for penetration of tank-walls and upon impact it creates enormous heat and explodes into a cloud of depleted uranium dust which is then being inhaled by the people and settles down on the land.

The radioactive half-life effect of depleted uranium is over five billion years.

Iraq's Reclamation is a Test of Good-Will of the Nations! by Reni Sentana-Ries

The Pentagon and the White house demonized President Saddam Hussein attributing him and the RCC to all kinds of atrocities in order that he lose favour with the world who would then stand behind the American administration and their ally Israel who asked the Jewish Iraqis who loved Iraq to evacuate themselves to Israel because something was soon going down. Many of them refused not knowing what was going to happen.

For those of you who think Israel and the U.S. Administration are the "good guys blessed by 'God'" then you had better watch where your own soul stands!

What the U.S. and its allies Israel and NATO have done to the Iraqi people is a crime which no human Being would do to another so we must say they are "less than human Beings."

As a final word, Iraqi women were taken by the U.S. Military to service American soldiers in Hungary.

30. The Universal Blueprint Of The Law Of Forgiveness Of Karmic "Debt"

Universal principle and law have long provided a way for man, woman, and child, if taught correctly, to free themselves from the burden of negative karma WITHOUT expecting another to do it for them. Let us not be selfish. Here is a working blueprint to help you on your way. - Uthrania Seila Sentana-Ries

Introduction

We Are Connected By A Cord To Others

"The Beloved in me is divinely inspired by the Beloved in you" Ethericsoul-female

Dear ones, no religion can save you from your own misdeeds or deliberate wickedness. No one can work off your karmic debt to another but yourselves, and they, to you.

Do you want to be "saved" from going through another lifestream with karmic hooks in your soul? Then work out your own "salvation" through the Universal Law of Forgiveness and free yourselves completely.

The following is a working relic of a law which is known throughout the universes, and practiced thereof.

Law of Forgiveness

Forgiveness is the Best Way

Any other way is no more than a bandage solution. Jesus traversed to India and the Law of Forgiveness from Universal Principal is all he preached to the people and not about sacrificing himself nor others. This is not based on any religion, but rather, as the Master Teacher said: "**It is based upon fact.**" - *Scribed by the hand and pen of I, Uthrania Seila Sentana-Ries*

LAW OF FORGIVENESS

I, (your full name...), forgive you (full name of person...), for anything you have said or done in thought, word or deed which has caused me pain or suffering in this lifetime or any other lifetime. I release you (full name of person...) from your karmic burden toward me. You are free! I am free!

And I (your full name...) ask you (full name of person...) to forgive me (your full name...) for anything I have said or done in thought, word or deed, which may have caused you pain or suffering in this lifetime or any other lifetime.

I am now released from my karmic burdens toward you which have held me in bondage incarnation after incarnation. I am free! You are free!

And I (your full name...) thank you, gods and goddesses of light for bringing the blueprint of knowledge of the Law of Forgiveness to my attention, and of the universal oneness, for the opportunity to forgive (full name of person...), and myself (your full name...), and I herewith do ask for only blessings upon the head of (full name of person...) as described in this Law of Forgiveness.

(End of the Law of Forgiveness)

The Working Blueprint

Forgiveness of Souls is the Best Way

Dear ones, **you must speak it loudly and clearly** once in the morning and once in the evening in the quiet of your room or some other place where you have privacy to **speak these words out into the universe**.

This is a working blueprint. As your words reverberate throughout the universe, **the hook which is placed in your soul by another will disintegrate and you will find all your anger, and fear, or longing for that particular person, has left for good.** The release from a particular karmic baggage will take somewhere between 8 to 14 days. You will feel the hook snap.

The Universe Provides a Way Out

One God - Come on now!

"One Father God" Created All - Up In The Clouds! **Come on now!**

The universe has always provided a way out of karmic situations.

When man and woman and child do not always know what to do with negative karmic burdens, **they are found running wildly into one religion after the other, and in seeking help, they present themselves as targets for religious authorities**, whom many themselves do not know any better the laws of the universe, and genuinely do wish to help these people.

Such religious authorities then, in error, inform the individual that someone else must take on their problems or karma, calling it "sin" and then offer up another, **such as a "christed one."**

The religious system as a whole is guilty of luring the people and their money into the religious trap of a false system.

These religious actions are against universal law and principle, no matter which religious cover they put over it.

But religious enterprises such as the Vatican, which is a country in itself with its own financial institution, know full well the truth of the matter and have hidden in its five miles of underground vaults the original wrats, **such as we are again producing after many unhappy incarnations in trying to enlighten and free the people from religious "dogma" and hopelessness, for the religious dogma does nothing more than lead the people right back to where they were in the last life.**

Gods, Goddesses and Starcraft!

Starship - crew of gods and goddesses

Always remember, dear ones, that the people who live within the diverse universes, galaxies and upon worlds, or other planets, **are commonly referred to as gods and goddesses by people in lower evolved lifestreams.** This is because they come to this earth in **starcraft**. This is why your

Bible says: "ye are all gods" and then purposefully leaves the rest of the explanation out including the fact that females were among them.

These dear ones are the ones who have taught this universal law of forgiveness throughout the ages wherever they were received, so they are being thanked in the Law of Forgiveness.

Gods and goddesses are never to be worshiped nor prayed to because though they have climbed their way up the ladder of life through acceptance of universal realities, they are just like you and I. **How can they not be? They are our ancestors.**

Beware of "God!" Singularly Speaking

Watch Out For the Stick!

Many "Gods and Goddesses" came from other worlds and together they seeded your planet of Angorius.

Beware those who call themselves "God" in the singular for they are of the ones who demand worship and penance, and set themselves up over the people as the one and only "God" in the universe leaving the duality of the female out.

Dear ones, you all have been sorely duped and lied to by every religious establishment, and it is now time to set the record straight in understanding exactly what your religious books have left out and changed for the modification of your knowledge and the benefit of certain people, and all at the expense of your spiritual growth and financial freedom.

31. Who Do You Think We Are?

I was asked to supply the readers with some detail of how we got to where we are. This writing will be most unexpected for most of you, so hang onto your seats! - Uthrания Seila Sentana-Ries

The Papacy is it the "antichrist" system? And What is the Rapture?

Starships Orbit Angorius

Dear readers, today I tried to post an answer to a question concerning the number 666 and the "Rapture." Here is what I wrote:

The "rapture" is just another name for "evacuation" and how else does one leave this earth but in a machine called a starship which takes the evacuees up into the clouds.

The number **666** stands for "**Vicarius Filii Dei**" which from Latin translates into English meaning "Representative of God on Earth" and the sum total of the Latin inscription when Roman numbers applied to it, total 666.

Now this is the Papal system but the "antichrist" system itself is the International Monetary System run by a few who would rather the people think that the "antichrist" system is the Papal system instead.

The Rapture!

Starships Orbit Earth Angorius

If the "Rapture" becomes known by its true name "the evacuation" then the tithes will stop rolling into the coffers of the Priests and the coffers of most churches.

Woman With Stars Around Her Head!

Woman With Starships Around Her Head

Who do you think is the “woman with the stars around her head” as explained in Revelation in your Bible? One of the books which was not tampered with as it could not be understood! They represent scribings from the ships! As upon other worlds so it will be eventually upon this earth!

But when do you ones ever interpret anything you ever read, correctly?!

Those are STARSHIPS! When are you who take the Bible so literally ever going to understand anything you read even in increments?

Wheels in the Skies

Wheels of Revelation!

What is that great “wheel” with all the “eyes” (lights) turning in the sky in Ezekiel? It is A GREAT STARSHIP!

The Base of the Story

Who were the ones who were thrown into the streets as if dead and then arose to once again speak to the people? OVER THE NET!

WE WERE thrown by the NSA out into the street and they took away every job we had! The NSA stood around with their white phones and set up an outdoor party which they held for themselves, laughing and dancing in glee hoping we would die of thirst and the heat, following us around that all who did open their doors to us were threatened and asked us to leave.

We escaped to Canada half dead. It took us months to recover.

The Catholic church members bought us tickets back to Canada and we threw off the agents and told the Catholic people that we would see the truth and reality of the universe reach their ears. They gave us food for which we were most thankful.

Other good decent people opened their doors to us both in the States as well as in Canada. For a while we lost the agents. With jobs all began well. Then we caught the landlord with his hands in our mailbox, caught them (he and his wife) with their crowbars opening our box in

Tempe, Arizona as we were awaiting book contracts from publishing house who wanted to publish our books to free us up to scribe even more.

The rest could then be given freely to the people.

People around us began to become quite affluent as they came under agent control. The same happened in Canada. One poor landlady became quite affluent when contracted to open our mailbox daily and we caught her at it as well!

Military came down the apartment hall with bodybags but father Gabriel scared them all away and the boots ran dragging the bags behind them.

We were assigned an assassin to us while we were in Tempe, Arizona, but he loved Reni's homemade soup and took us to see all his spy paraphernalia and told us to "get out of there." He told us who he was and that he was leaving. His last words to us were: "You people are too good."

He told us he used to jump from helicopters and "go in and kill 'em" and he liked his job! He was a big man but we were not afraid of him because we really did not know the extreme danger we were in.

WHO DO YOU THINK WE ARE?! ARE WE SOMEWHAT IRATE TOO AS WE WORK HARD TO RELEASE EACH ONE FROM THE SEVERE DUPING AND BRAINWASHING YOU HAVE FOR CENTURIES GONE THROUGH in order that you, our brothers and sisters not need to ever repeat these same lifestreams again lifetime after lifetime.

What I have told you is the very tip of the iceberg, but as I have been asked to tell the people about us, I have now done so to a very small extent.

However, now the tables have turned in our lives and safety is ours once again, friends with backbone are left alone and in spite of consistent break-ins to our home despite the alarm system, those who work with us are under a very highly technical protection system – our ships in the firmament and those on the ground from them along with others from high and low positions in life.

So those who think we are strange and weird people with new concepts, may I tell you once again – these concepts are not new – they are as old as the hills!

You have all just forgotten.

And you need to WAKE UP! We are no longer obscure! I alone have 26 thousand 400 views since I began posting at Wikinut on January 29, 2013.

Some ridicule me and say "how good is your message" when all you do is "frown?"

Let me tell you this: My work is of such a nature that not one word can be found out of place for should that happen the entire meaning of the text will be altered.

You see, as I told one dear Wikinut brother, I am trying as hard as I can to not let you down and that means each one who reads our words.

We are here for you, the people, and have fought tooth and nail to get to where we are!

NOW WHO DO YOU THINK WE ARE?!
